Economy grows at 8.4% in Q3

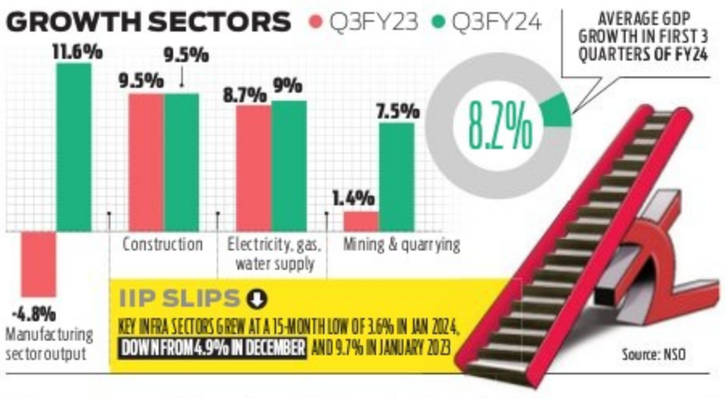
Expansion in gross value addition, however, was just 6.5% in third quarter, down from 7.7% in Q2

MONIKA YADAV @ New Delhi

THE Indian economy continues to spring surprises with the GDP growing at 8.4% in the third quarter of the current financial year (FY24). The numbers released by the National Statistics Office (NSO) on Thursday beat estimates by 140-170 basis points. Buoyed by the latest data, NSO has also revised its full-year GDP growth estimates for FY24 to 7.6%, up from the initial 7.3% projection made in January.

"Robust 8.4% GDP growth in Q3 2023-24 shows the strength of Indian economy and its potential. Our efforts will continue to bring fast economic growth which shall help 140 crore Indians lead a better life and create a Viksit Bharat!" Prime Minister Narendra Modi tweeted.

During a media briefing, Chief Economic Adviser V Anantha Nageswaran said the robust GDP growth and India's consistent outperformance are prompting a reevaluation by international organisations to raise their estimates of India's growth rate to 7% or higher. He emphasised the economy's ability to surpass projections, indicating a structural transformation in progress, particularly in infrastructure and inclusion initiatives that enhance purchasing power.



The sparkling GDP figures, however, don't hide the sluggish sequential growth in gross value addition (GVA), which measures the total value of goods and services produced. GVA grew just 6.5% in the third quarter, lower than 7.7% in the second quarter, and 8.2% in the first quarter of FY24. GVA growth in the third quarter of FY23 stood at 4.8%.

The latest GDP growth numbers were also helped by a downward revision (from 4.7% to 4.3%) of the figures in the third quarter of the previous year. Net taxes less subsidies, which jumped by 32% annually, also boosted GDP growth in the quarter.

The slowdown in GVA growth was led by manufacturing, construction and agriculture. Manufacturing sector GVA slowed down to 11.6% in Q3 from 14.4% in Q2. Agriculture sector growth declined by 0.8% during the quarter compared with 1.6% growth in the previous quarter. Construction sector saw the growth dropping from 13.5% in Q2 to 9.5% in Q3. Mining activities also slowed down to single digit growth of 7.5%.

After 55 days on the run, TMC's muscleman Shahjahan held

PRANAB MONDAL @ Kolkata

A day after the Calcutta High Court gave central agencies a free hand to go after Trinamool Congress strongman **Shahjahan Sheikh** for evading police action for 55 days, he was arrested by the state police in the wee hours of Thursday. The arrest came a day before PM Narendra Modi is to kick off his poll campaign in Bengal.

Sheikh was arrested from a hideout in Minakha, an adjoining pocket of the strife-hit Sandeshkhali, in a case related to the attack on Enforcement Directorate officers on January 5 when they went to raid his house in a foodgrain scam.

He also faces allegations of sexual abuse of women and forcible land grab in the North 24 Parganas island, Sheikh was remanded in police custody for 10 days. The state government then handed over the case to the state Criminal Investigation Department.

Shortly after the arrest, the ED moved the HC requesting advancing of a hearing scheduled on March 6 so to obviate the possibility of the state police tampering with evidence related to the attack on the federal agency. The court will hear the petition on Friday.

Later in the day, the Trinamool suspended Sheikh from the party for six years.

SPEAKER DISQUALIFIES ALL 6 HIMACHAL REBELS AS CONG SETS ITS HOUSE IN ORDER

HARPREET BAJWA @ Chandigarh

THE Himachal Congress on Thursday sought to put its house in order with the Speaker Kuldeep Singh Pathania announcing the disqualification of six rebels and the party deciding to set up a panel to coordinate between the party and the government.

Two days ago, the party had spectacularly failed to keep its flock together during the Rajya Sabha elections, as six of its lawmakers cross-voted for the BJP. It led to a tie and the BJP bagged the seat in the subsequent draw of lots.

The disqualified MLAs said they would challenge the Speaker's call in a court, alleging the decision was taken in haste under pressure from Chief Minister Sukhvinder Singh Sukhu.

For his part, Pathania said he arrived at the decision as the chairman of the tribunal and not as Speaker. He cited a Supreme Court verdict which said when a Speaker acts under the Tenth Schedule, he does so as chairman of the tribunal.

Pathania said they had defied the whip and attracted the provisions of the anti-defection law as they were not in the House when the Finance Bill was passed.

In the morning, ex-CM Virbhadra Singh's spouse and Himachal Congress president Pratibha Singh justified the dissidence. Later she nuanced it saying the challenge now is to win the Lok Sabha elections.

Guidance value-based property tax could take time

BOSKY KHANNA @ Bengaluru

WHILE guidance value-based property tax collection is to be implemented from April 1, Bruhat Bengaluru Mahanagara Palike (BBMP) Special Commissioner (Finance), Shivanand H Kalakeri, after presenting the civic budget on Thursday, said its implementation could take time as the survey of properties was still underway and may not be completed by then.

For the guidance value-based property tax collection, all the properties in the city have to be assessed and documented.

Under the newly-proposed tax collection system, the categories to be filled in the form have reduced from 17 to six, and the Self-Assessment Scheme (SAS) evaluation will be limited to some of the categories as most of them will be auto-filled once the property number is registered — for which all the properties need to be assessed.

A few senior BBMP officials also pointed out that another factor that could delay this process is the Model Code of Conduct for the Lok Sabha polls that is expected to obstruct the property assessment process.

Caste census report submitted to CM

EXPRESS NEWS SERVICE @ Bengaluru

KARNATAKA State Commission for Backward Classes (KSCBC) Chairman K Jayaprakash Hegde submitted the much-awaited report of the Socioeconomic and Education Survey, popularly known as caste census report, to Chief Minister Siddaramaiah on Thursday.

According to sources, the report has 48 volumes and the main recommendation booklet is of 200 pages, with each of the volumes possessing data on the set of different castes. The report also includes caste data based on Assembly constituencies, besides details about castes with smaller demograpies, which were not included in earlier reports. The survey was conducted on 1,351 different castes.

The sources added that as many as 5.98 crore people were included in the survey. Over 3.98 crore are from the AHINDA (minorities, Backward Classes and Dalits) group, while 1.87 crore are Lingayats, Vokkaligas, Brahmins, and other castes.

"The committee has recommended increasing the reservation quota for Scheduled Castes. It also stressed that Veerashaivas and Lingayats are the same," sources said. P4

With new policy, ad hoardings may return in Bengaluru

BOSKY KHANNA @ Bengaluru

THE BBMP in the 2024-25 budget announced that a new advertisement policy through the BBMP Advertisement Rules, 2024, will be promulgated. With this new policy, Bengaluru will see advertisement hoardings making a comeback after being prohibited by various legal provisions.

Explaining the policy, BBMP Special Commissioner (Finance), Shivanand H Kalakeri, said like it is in any other city, advertisement hoardings will be permitted in Bengaluru, too, but keeping in mind the court orders. "A draft has been prepared and the details are being worked out with Deputy CM and Bengaluru in-charge minister, DK Shivakumar. This will include where these will be permitted, when and their sizes," he said.

Much against the complaints from citizens and experts on visual pollution, the BBMP officials defended the act, saying it was needed, as it is a source of revenue. The BBMP in the budget has aimed at generating a revenue of Rs 500 crore annually from this, which will be used for Brand Bengaluru works. "Under the new policy, the rational, transparent and regulated system of commercial and self-advertisements will be permitted. This new policy will be on the same lines as the Advertisement Policy in New Delhi Municipal Corporation which has been approved by the Supreme Court. This will safeguard the aesthetics and visual spaces in the City," BBMP stated in its budget announced Thursday. P2

Father slams crying baby on wall, kills her

AMIT S UPADHYE @ Hubballi

ANGERED by his daughter's incessant crying, a man threw the seven-month-old infant against a wall on Wednesday night, in Yadwad village of Dharwad district. Vaishanavi succumbed to injuries on Thursday at KIMS Hospital in Hubballi.

The accused, Shambulinga Shahapurmath (37), who was arrested soon after the incident, was booked for murder. He reportedly confessed before police officials that he was unhappy with his daughter's birth. The couple have a son, and Vaishanavi was his second child.

Shambulinga, a daily wage labourer, would quarrel frequently with his wife and had reportedly beaten her up too, the woman's relatives said. He had tried to harm Vaishnavi by threatening to pour hot water on her. The villagers had held a panchayat to solve the issue, but to no avail. Police said he was an alcoholic.

Shambulinga had gone to bed after having dinner on Wednesday night. He was woken up around 10.30pm when Vaishnavi started crying. According to his wife, soon after he woke up he started hurling abuse at the infant and banged her against the wall.

Neighbours rushed to Shambulinga's house and caught him, and called the police. A police team from Garag arrived and villagers handed him over. The baby, who suffered blood clotting in the brain, was taken to KIMS Hospital.

The accused was booked for attempted murder (IPC 307) on Wednesday night, which was converted to murder (IPC 302) on Thursday afternoon, after the infant died around 12.30pm. The funeral was held at Yadwad village on Thursday evening.

EXPRESS NEWS SERVICE
@ Bengaluru

THE Bruhat Bengaluru Mahanagara Palike (BBMP) on Thursday announced a Rs 12,369.46 crore budget outlay with the prime focus on improving the image of the state capital under Brand Bengaluru (BB).

Presenting the budget, BBMP Special Commissioner (Finance) Shivanand H Kalakeri said it was a revenue surplus budget of Rs 2.17 crore.

The budget outlay for this fiscal is Rs 484 crore more than that of last year. In 2023-24, BBMP had presented a budget of Rs 11,163 crore, revised in the state budget to Rs 11,885 crore.

Emulating the state budget's cover page, the BBMP budget's first page too had the Preamble of the Indian Constitution.

BBMP Chief Commissioner Tushar Girinath said that the city's image is being improved under BB and the whole concept of the budget is to improve the city focusing on eight sectors — traffic, cleanliness, health, education, tech, water security, and vibrancy.

Girinath told reporters that Rs 1,580 crore has been set aside for improving BBMP and all expenses for it would be made through an escrow account. This will be obtained from the new advertisement policy, and premium floor area ratio (FAR), among others. Another Rs 1,580 crore has been set aside for civic works, which will be earned from the BBMP bills. Also, Rs 500 crore will be granted from the 15th Finance Commission and Rs 3,000 crore from the state budget for BB.

Keeping in line with Chief Minister Siddaramaiah's state budget announcement, the BBMP budget listed identifying 50-100 acres of land in four directions of the city for integrated waste management, besides management of heritage waste through bio-remediation at the Bellahalli unit.

Stress has also been laid on decentralisation of biomethanisation units and the construction of Material Recovery Facility. BBMP announced an allocation of Rs 1,000 crore to Bangalore Solid Waste Management Limited (BSWML), Rs 100 crore less than last year.

Explaining the percentage of implementation of the previous budget (2023-24), Girinath said that works worth Rs 9,651 crore had been implemented, which came to about 80% of the budget.

Property tax target ₹6K cr

CONTINUED FROM PAGE 1

THE process would require a large number of officials and staff deployed for the election duties. However, officially, the guidance value-based property tax will be implemented from April 1. BBMP Chief Commissioner, Tushar Girinath said, "Guidance value-based property tax collection will come into effect from April 1. It has been done in other cities.

Also, additional Rs 1,100 crore will be generated from Khata regularisation." He said the target for property tax collection is set at Rs 6,000 crore this fiscal, and expressed confidence of it being achieved as citizens were offered a one-time settlement option with a reduced penalty, and time given till July 31 with interest waived off as a one-time measure. Through this, the BBMP aims to earn Rs 2,500 crore. Besides, the implementation of Premium Floor Area Ratio (FAR) is aimed at earning Rs 1,709 crore more.

Tunnel road projects to solve traffic woes

EXPRESS NEWS SERVICE
@ Bengaluru

INTENDING to provide a long-term solution to the city's infamous traffic congestion, the Bruhat Bengaluru Mahanagara Palike (BBMP) budget presented on Thursday announced the construction of tunnel roads in two places with high vehicular movement and congestion.

An expert project consultant has already been given the mandate to submit the Detailed Project Report (DPR) for various road projects, including the Urban Tunnel Project at two places of heavy traffic congestion, said Shivanand H Kalakeri, Special Commissioner (Finance) while presenting the budget. A seed money of Rs 200 crore is provided in the budget for the same, he added.

Roads from Kanakapura Main Road to Bannerghatta Main Road and Hennur to Bagalur connecting Bengaluru airport will be developed and widened.

Namma Metro works are currently being undertaken in high-density corridors and will possibly increase vehicular density. Namma Metro, BBMP, and K-RIDE will jointly plan to build an 'Integrated Metro and Road Flyover (double-decker road)'. Initially, BBMP will provide Rs 100 cr for this
Shivanand H Kalakeri, Special Commissioner (Finance)

The narrow road of Padarayanapura area falling under the Chamarajpet Assembly constituency will be widened. For the above works, Rs 130 crore is provided in the budget. "Land will be acquired and developed on a TDR basis to build alternate routes to KIA from Bellary Road (Sadahalli Gate) via Beguru and another road from Satanur Meesaganahalli," Kalakeri said.

Under the 15th Finance Commission's "Clean Air" scheme for which Rs 135 crore has been provided in the BBMP budget for 2024-25, 45-km long pedestrian-friendly walkways will be built to achieve last-mile connectivity.

The official further said that as the infrastructure of the city has come under severe stress, the buffer area of the stormwater drains (rajakaluve) on the outskirts of the city has been acquired on a TDR basis, and road lanes for light vehicular traffic and cycle lanes on both sides of the rajakaluve will be constructed for 300km at Rs 600 crore over three years.

To prevent flooding, a proposal has been submitted to the Union Government for the National Disaster Mitigation Fund for the reconstruction of narrow rajakaluve and old bridges, which is expected to receive a grant of Rs 250 crore, he added. About 145 km long, white topping of roads will be undertaken for two years with the State Government grants of Rs 800 crore and internal resources of BBMP of Rs 900 crore. In the budget, Rs 300 crore is provided, he said.

Daycare centre for specially-abled kids; transgenders to get night shelter

EXPRESS NEWS SERVICE
@ Bengaluru

THE budget presented by the BBMP announced the setting up of a daycare centre for specially-abled children with a grant of Rs 1 crore in Pobbatthi Maternity Hospital in the Palike's South Zone. Apart from this, old age homes and shelter homes for transgenders will also be set up.

There is a plan to open eight old age homes and Rs 4 crore has been allocated this year for opening Shravana Vasathi old age homes in collaboration with registered voluntary organisations in rented premises, Shivanand H Kalakeri, Special Commissioner (Finance), who presented the budget, said.

"A night shelter for the benefit of transgenders is being planned to be constructed apart from renovation and maintenance of existing 48 night shelters. For which a sum of Rs 4 crore is allocated in this budget," Kalakeri said.

For efficient healthcare service delivery for citizens of the city, the budget announced the setting up of 'Bengaluru Health System' for the administrative and financial supervision of up to primary and maternal healthcare facilities in the jurisdiction of BBMP.

"BBMP will take over all the primary health care facilities, while the secondary and tertiary health care facilities shall be handed over to the Department of Health and Family Welfare. BBMP will handle 144 UPHCs, 225 Namma Clinics, 27 Maternity homes, and 7 first Referral Units catering to Primary Health Care services. Budgetary allocation of Rs 20 crore is made for the year," Kalakeri said. A fund of Rs 200 crore has been set aside to upgrade healthcare facilities in the city.

Responding to the growing brain health concerns arising out of various social issues, the budget announced 'MANOBIMBA' initiative to respond to growing brain health concerns. "It will be a YouTube channel which will take the shape of a periodic, six interactive platform hosted on social media platforms run by our in-house team of doctors and with the help of willing field experts," Kalakeri said.

50 NEW INDIRA CANTEENS

Along with setting up of an Indira Canteen at KIA, 50 new Indira Canteens will be opened and Rs 70 crore has been set aside in the budget. Construction of new burial grounds and crematoriums will be undertaken and upgradation of existing burial grounds and crematoriums will also be done at Rs 15 crore. To control the population of street dogs, three new scientific animal birth control centres will be established. To meet the demand for hygienic meat, BBMP plans to establish two modern slaughterhouses. To address the concern of animal waste generated daily four rendering plants will be established. A total of Rs 10 crore has been allocated, Kalakeri said. For the welfare of women, SCs, STs, backward minorities, and transgenders, they will be provided financial assistance to purchase 250 electric passenger and goods autos. Electric two-wheelers will be provided to working women and pourakarmikas at Rs 12 crore, he said.

'Best practices of metros to be studied'

CONTINUED FROM PAGE 1

Bruhat Bengaluru Mahanagara Palike (BBMP) Chief Commissioner Tushar Girinath said the models and policies of Mumbai, Hyderabad and other places have been studied and the best practices will be adopted.

The policy of Bengaluru will be different and unique. No large boards that were prohibited by the courts will be allowed. The dimensions of the boards are being worked out.

Experts, working with the BBMP under Brand Bengaluru, however said this was not discussed. If this is done, then the entire city will become an eyesore.

Despite the ban, political flexes and banners are seen everywhere, and this new policy will again lead to arm-twisting and the old problems will crop up again, they contested.

In the budget, BBMP said the new policy will include online application and issuance of advertisement licences, online payment of advertisement dues, mobile app-based enforcement and online system of timely approvals of the advertisements.

"The whole Advertisement system in the BBMP will be brought on a fair transparent and vibrant system that serves the needs of all stakeholders," Girinath said.

It is highly disturbing that officials are presenting BBMP budget for the 4th successful year in the absence of an elected council in a blatant violation of the Constitution. Arbitrary notifications have been issued making guidance value the basis for calculating property tax
- Kathyayini Chamaraj, Urban civic activist

What this city desperately requires is planned development, yet money is spent on ad hoc projects, without a masterplan. The Metropolitan Planning Committee is not empowered... Everything that is done falls apart due to poor governance...
- Sandeep Anirudhan, Civic activist

Hiring 16K pourakarmikas, pensions and monetary awards, and electric two-wheelers for sanitation workers, women's toilets, seed money for transgender entrepreneurs, housing subsidies, and investment in Indira Canteens, are all positive steps.
- Tara Krishnaswamy, Political consultant and active citizen

Its nice to see allocations for night shelters, Indira Canteens, old-age homes, all of which deserve more attention and funds. Ward level allocations continue, but without BBMP polls and ward committees in action, there is no transparency or accountability with respect to these funds.
- Srinivas Alavilli, Civic activist

PETER VIDAL

01st March: Mars makes the most of its passage through the celestial spheres, but what this does indicate is increased impatience, and that will affect all of us, no matter what our signs. That can be helpful, although I must say that, the more time we spend thinking about the future, the more likely we are to make the right decisions.

ARIES (Mar 21 - Apr. 20)
Life is full of surprises, but it all depends on how you deal with them. Sometimes you can be too brash and insensitive. However, over the next few weeks you can probably get away with being outspoken and even argumentative. Don't forget to follow your own advice!

TAURUS (Apr. 21 - May 21)
Mercury has now withdrawn from its one relationship with your sign, only to replace it with another, so a great deal of what has been said in haste or anger may now be considered no more than water under the bridge. There's no use in dwelling on the past.

GEMINI (May 22 - June 21)
Venus, a planet with a critical and benevolent role in your affairs, is now coming to your aid, which means that, personally and professionally, you have too much going for you to be side tracked by people who don't understand you. You might even end up making a profit.

CANCER (June 22 - July 23)
An emotional tie or attachment may now be reconsidered. The point is that important planetary pressures have been lifted, which means that you may take a fresh look at all current relationships. If anything seems to be bothering you, it's that a partner's sincerity is open to doubt. Give them time to explain themselves.

LEO (July 24 - Aug. 23)
Just to look at the minus points in what is otherwise a very positive situation, I am concerned that you might become too selfish and demanding emotionally. This will not serve your cause, so watch it! You'd do better to start by asking partners what they want.

VIRGO (Aug. 24 - Sept. 23)
Those of you chasing professional success should feel confident that, even if applications don't succeed, they all represent vital steps on the path, or rungs on the ladder, if you prefer. You'll be keeping your romantic secrets, perhaps because you sense that someone is not ready to hear what you have to say.

LIBRA (Sept. 24 - Oct. 23)
It's time to give a special message to all you artistic and creative types, whatever your particular forte: this is no time for wild self-expression, but rather for practical skills and traditional disciplines. You'll never make a dream come true unless you work at it.

SCORPIO (Oct. 24 - Nov. 22)
What other people often fail to realise is that you can be extremely good at building up a shrewd grasp of the facts, a quality which means that you are about to experience certain very important advantages in the financial arena. Stick to your guns.

SAGITTARIUS (Nov. 23 - Dec. 22)
An entire group of planets is now encouraging you to go forth and multiply, metaphorically speaking of course! Spread yourself as widely as possible and let the whole world share in your hope and faith in the future. Traditional values will sustain your vision of a better world.

CAPRICORN (Dec. 23 - Jan. 20)
When it comes to long-term finances, timing is of the essence. Do not be tempted to follow get-rich-quick schemes. The lure of instant winnings may be nothing more than an illusion, so be patient. When a loved one comes to you with a spending plan, tell them to think again!

AQUARIUS (Jan. 21 - Feb. 19)
To those who know you, you are often an exciting person to be around, encouraging change in all things, even though your actions are often very helpful and positive. However, it may now be your turn to stick to the past and hang on to what you know best.

PISCES (Feb. 20 - Mar 20)
Much depends on how you handle discussions with people at home. If something seems to be unsaid, be the first to bring it into the open. Powerful planetary relationships will help you accomplish most practical tasks, perhaps because they give you the determination to win through.

CELEBRATING nine decades of the Kannada film industry and marking the inaugural ceremony of the film festival, the front porch of Vidhana Soudha on Thursday echoed a melodious filmy tune with three-time Grammy award winner Rick Kej and his band delivering a phenomenal performance, leaving the audience mesmerised.

Post the concert, Chief Minister Siddaramaiah in the presence of several dignitaries from the entertainment industry and different walks of life inaugurated the 15th edition of the Bengaluru International Film Festival (BIFFes). During the ceremony, he emphasised that the government will provide all the necessary assistance for the industry and especially for movies promoting the values of Dr BR Ambedkar.

"International films help us to know the world culture, and act as a catalyst in making the society more humane and acceptable. Cinema is a very influential medium and has the power to influence the viewer's mind and thoughts," the CM added.

Siddaramaiah also emphasised that film awards have not been given since 2019, the select committee formed by the government will select the best movies from all those years and announce the winners when the committee submits its report.

The Kej-led band on Thursday also sang a melody of all the famous compositions, marking 90 years of Kannada cinema, and 50th anniversary of renaming of the state to Karnataka. Taking that into consideration, this year a special focus has been given to Kannada films. A total of 30 Kannada films have been curated, of which, 11 have been selected under the Popular Entertainment category.

The 8-day film festival began with the screening of the Swiss comedy 'Bonjour Switzerland' directed by Peter Luisi. More than 180 films across various categories will be screened at PVR Orion in Rajajinagar, Suchitra Academy, and Dr Rajkumar Bhavana. The festival will continue until March 7.

Actor Shiva Rajkumar, Katera movie actress Aaradhna, international film festival ambassador and actor Daali Dhananjay, well-known film director Jabbar Patel and several participants and juries from other countries were also present for the inauguration.

164th SLBC meeting held at Soudha

ENS @ Bengaluru

THE 164th State Level Banker's Commitee (SLBC) meeting was recently held at Vidhana Soudha.

The meeting was co-chaired by Shalini Rajneesh, Additional Chief Secretary & Development Commissioner, P N Raghunath, Chief General Manager of Reserve Bank of India, Sunanda Batra, General Manager, FIDD, Reserve Bank of India, T Ramesh, Chief General Manager - NABARD, M Bhaskara Chakravarthy, SLBC Convenor & GM, Canara Bank.

State controlling heads of all banks and also attended the meeting. Shalini Rajneesh advised all the line departments and bankers to cover those all eligible under PMJJBY and PMSBY schemes. She also appreciated the bankers for achieving CD ratio of 79.72 per cent during the third quarter.

The additional chief secretary also informed that the achievement as on 31.12.2023, under ACP has been very successful, and is 75.69 per cent under agriculture, of the annual target, under total credit it is 84.47 per cent, and total priority sector is 72.95 per cent. She complemented all the bankers for a good performance. But at the same time the performance for priority education was only 22.06 per cent and priority housing was 18.56 per cent she said and urged the bankers to achieve the set targets under all parameters.

BBMP gets directions on property tax self-assessment

EXPRESS NEWS SERVICE
@Bengaluru

THE Karnataka High Court issued directions to the Chief Commissioner of BBMP to be followed while reopening self-assessment property tax returns and cases of random scrutiny, under Section 144 of the BBMP Act.

The directions are about inspection and survey of a building by the chief commissioner or authorised officer after giving notice to property owners, and penalties to be imposed in case of evasion of tax, etc.

Justice S Sunil Dutt Yadav issued directions in the light of numerous petitions filed, questioning the procedure followed by BBMP while reopening self-assessment returns. Disposing of the petition filed by Shariff Constructions, seeking directions to remove the seal on the office premises and quashing of the notice dated November 27, 2023, the court said the need has arisen to lay down the procedure to be followed in cases of reopening self-assessment where returns are not filed, and in cases of random scrutiny.

Pointing out that BBMP was issuing demand notices without prior notice to property owners for conducting spot inspections, the court said it is also seen that in many matters, the petitioner property owners have challenged the validity of the standard operating procedure (SOP) as being violative of the statutory scheme.

Wherever the SOP is contrary to the statutory scheme, BBMP is to take appropriate steps to have the SOP amended, to bring it in consonance with the scheme, the court said.

Man detained for invading pitch during WPL match

ENS @ Bengaluru

A 21-year-old man has been detained by the Cubbon Park police for trespassing onto the field during the Women's Premier League (WPL) 2024 match between UP Warriorz and Mumbai Indians on Wednesday. The intruder, identified as Madhu, is employed as a gardener at Century Club.

Madhu, one of the spectators, breached the boundary fence around the field at M Chinnaswamy Stadium, as he reportedly did not like how the match was progressing. UP Warriorz Captain Alyssa Healy intervened during the game and stopped Madhu, as he tried to sprint across the field. The game was temporarily paused, until security personnel removed him from the field, a police officer said.

The police added that Madhu breached the pitch, immediately following the second-last ball of the Mumbai Indians' innings, right after Anjali Sarvani of UP Warriorz took the wicket of Mumbai Indians batter Sajeevan Sajana.

Six arrseted for Mental Manja's murder

Bengaluru: Six suspects have been arrested by the Anekal police in connection with the murder of rowdy sheeter Manjunath Reddy alias Mental Manja, who was killed in Weavers Colony on the outskirts of Bengaluru, on February 23. The police said that the accused have been identified as Vijay alias Tattoo Viji, Shekhar, Gautam, Madhu, Kiran, and Akshay, all residents of Anekal, aged between 25 and 30. The police said that about six months earlier, a woman known to Viji had registered an assault case against Mental Manja, who was working as a school bus driver on contract basis. On the day of the murder, Mental Manja called Tattoo Viji and threatened him against appearing in court as a witness. Following a heated argument over the phone, Manja and his accomplices proceeded to Viji's residence to confront him. The situation escalated, when they assaulted Viji and pursued him. This prompted Shekhar, Viji's friend, to intervene against Manja and his accomplices. During the altercation, Viji, Shekhar, and the other accused stabbed Manja with a machete.

Over 2-hour full-scale emergency drill at KIA

Bengaluru: The Kempegowda International Airport held a full-scale emergency exercise for over two hours, on Thursday. The drill simulated a scenario involving the crash landing of an aircraft. From the pilot's distress call to the establishment of a green corridor, the exercise simulated a realistic emergency response, including ambulance transport to hospitals and the retrieval of flight recorders, enhancing the airport's preparedness for emergencies. The mock exercise featured a lifelike simulation with an authentic aircraft and 162 dummy passengers and eight cabin crew. It began with the simulation of a airliner catching fire during its final approach for landing. Prompt action from the Airport Rescue and Fire Fighting team extinguished the fire to assess the effectiveness of firefighting systems. Subsequently, the ARFF team, along with CISF, executed the rescue operation and swiftly transported those in need of hospitalisation to city hospitals. Additionally, a real-time airlifting drill was executed, with IAF helicopters transporting eight casualties to the IAF command hospital.

HUMANITARIAN AWARD-2023

Bill Gates Receives the Prestigious KISS Humanitarian Award 2023

Leading global philanthropist, Mr. Bill Gates, co-founder of Microsoft and co-chair of the Bill & Melinda Gates Foundation was honored with the KISS Humanitarian Award 2023 in a significant recognition of his philanthropic work. The ceremony took place on February 28, 2024, in Bhubaneswar, Odisha, acknowledging Mr. Gates for his unparalleled contributions to enhancing global health, and education, and addressing climate change through innovative technology solutions aimed at reducing inequality.

The award ceremony featured virtual participation from the staff and students of KIIT and KISS, along with alumni. A notable moment from the event was Mr. Gates's engagement in a meaningful conversation on gender equality, prompted by a question from a KISS alumna.

Prof. Achyuta Samanta, Founder of KIIT, KISS & KIMS said, "Awarding Bill Gates with the KISS Humanitarian Award not only honors his exceptional contributions but also elevates the prestige of this recognition. His acceptance sets a new benchmark for humanitarian work globally. It is a profound honor for us that Bill Gates is joining the esteemed roster of our awardees."

In his acceptance speech, Mr. Gates expressed deep gratitude for the recognition and reflected on the transformative work of Dr. Samanta and KISS. "Thank you so much for this wonderful award, and for welcoming me here. Though I should be the one congratulating you on all you have accomplished," said Mr. Gates. He lauded Dr. Samanta's vision and dedication to providing quality education to indigenous communities and highlighted the importance of civic engagement and a community-first approach to education.

Initiated in 2008 by Prof. Achyuta Samanta, the KISS Humanitarian Award is the highest honour of KIIT and KISS dedicated to recognizing individuals and organizations that embody the spirit of humanitarian work worldwide. The award consists of a citation scroll and a gold-plated trophy that depicts a great social message given at a public function at KISS. The gold-plated trophy embodies a golden heart of a humanitarian with the virtues of purity, kindness, prosperity, and hope. It features a pair of hands uplifting a heart, which is textured with shapes resembling waving hands that symbolize how a pair of dedicated hands can make a significant difference in the lives of the helpless and make the world a better place to live in. Previous recipients of this prestigious award include a diverse group of global leaders, Nobel laureates, and notable figures from various sectors, showcasing the award's broad international appeal and respect.

Awarding Bill Gates with the KISS Humanitarian Award not only honors his exceptional contributions but also elevates the prestige of this recognition. His acceptance sets a new benchmark for humanitarian work globally. It is a profound honor for us that Bill Gates is joining the esteemed roster of our awardees

CENTRE UNFAIR, BJP MPs MUM, SAYS CM IN DEFENCE OF BUDGET

Gives comparative statistics on tax outgo and Central fund share

EXPRESS NEWS SERVICE
@ Bengaluru

SLAMMING the Union government for not giving what's due to the State, Chief Minister Siddaramaiah said that instead of raising their voice for seven crore Kannadigas who are facing injustice in getting their share, BJP MPs are taking the Centre's side.

He defended his budget and said there is an increase in Gross Domestic Product (GDP) and the state government is taking up development works along with fulfilling guarantee schemes.

He said Karnataka gives Rs 1.4 lakh crore as tax to the Central government. "But if we pay Rs 100 as tax, we are getting only Rs 12 in return. Finance Minister Nirmala Sitharaman, who is elected from here, does not give our share. Instead of asking for our rights, BJP members are taking their side, this is such a shame," he said.

He explained that Karnataka saw a reduction of 4.7 per cent in funds under the 14th Finance Commission, and 3.64 per cent under the 15th Finance Commission, which was further decreased to 1.07 per cent. Karnataka records the second highest tax collection in the country but is treated unfairly, he added.

Explaining the discrimination, Siddaramaiah said if Karnataka's share is 78 per cent, the Centre's share is 22 per cent. "In Uttar Pradesh, 48 per cent is state share and remaining comes from Centre. Why such discrimination? The Union government has developed more roads and railway lines for other states compared to Karnataka," he said.

Speaking in the Assembly, CM Siddaramaiah said BJP and JDS leaders who took part in the discussion on the budget only gave speeches in praise of the Union government. The State is not just facing injustice in getting grants compared to other states, but also in terms of roads, railway and other works.

The CM said his budget size was Rs 3,71,343 crore. "Our budget and GDP have increased, compared to budgets presented by former CM Basavaraj Bommai. The GDP for this year is also estimated to increase, yet opposition parties are alleging that there is no development," he said.

He pointed out that Rs 1.2 lakh crore has been earmarked for development programmes, of which Rs 52,009 crore is set aside for guarantee schemes. Revenue expenditure is Rs 2,90,531 crore and Capital expenditure is Rs 55,877 crore. "This is proof that we have prioritised development," he added.

The CM also slammed the Rashtriya Swayamsevak Sangh, saying the leaders never took part in the freedom struggle. When BJP members raised the Pakistan slogan issue, he said they don't need to learn patriotism from the BJP.

"It is BJP which is dividing the country and society in the name of religion," he said. He also said that BJP members are creating a ruckus in the House because two party MLAs did not vote for their candidates.

Finance Bill passed in both Houses amid pandemonium

EXPRESS NEWS SERVICE
@ Bengaluru

THE Finance Bill was passed amid a din in both Houses of legislature on Thursday, with BJP members creating an uproar over the alleged 'Pakistan Zindabad' slogan, when Chief Minister Siddaramaiah was replying to the budget discussion. The supporters of newly-elected Congress Rajya Sabha member Syed Naseer Hussain allegedly raising anti-national slogans in the corridors of Vidhana Soudha on Tuesday, rocked the Legislative Council as BJP members interrupted the CM, who came to the Upper House to reply on the budget discussion.

As soon as Chairman Basavaraj Horatti asked the CM to reply to the budget speech, Opposition leader Kota Shrinivas Poojari raised the sloganeering issue, stating that Vidhana Soudha was the strength of seven crore Kannadigas, and the incident had created fear in their minds. He demanded that the CM update the House on how the incident happened and action taken. The Chairman intervened and said the CM was there to reply to the budget speech, and the Home Minister would inform the House about the case later. But BJP members did not budge and raised slogans against the government.

Amidst the chaos, CM Siddaramaiah spoke on several programmes in the budget for the development of seven crore Kannadigas, and said it was a pro-people budget. "This will give social, financial and academic strength to the people," he said, explaining how the Congress government had followed fiscal discipline and put the state, which had suffered during the previous BJP government, back on the path of progress.

He attacked the BJP, stating it was unable to digest the good administration being delivered by the government, and took a jibe at BJP members clad in saffron shawls. "Will you become patriots if you wear that shawl?" he questioned, alleging that RSS had collaborated with the British, and BJP had no moral right to speak about patriotism.

He also attacked Prime Minister Narendra Modi for his claim that Karnataka would go bankrupt if the five guarantees were implemented, and said the Congress had done it successfully. As he continued slamming Modi, BJP members started chanting 'Modi, Modi!' Siddaramaiah said the BJP had never got the people's mandate in the state and had always made a backdoor entry through 'Operation Lotus'.

> Siddaramaiah, Chief Minister

BJP MLC N Ravikumar attacked the state government for not taking any action though 48 hours had lapsed after the slogan incident, and others joined him in accusing the government of protecting traitors. Congress members urged the Chairman to throw the BJP members out of the House as they were not allowing the CM to speak.

Amid the pandemonium, six Bills, including the Finance Bill, were passed in the Upper House, before the Council was adjourned sine die.

THE Karnataka Hindu Religious Institutions and Charitable Endowments (Amendment) Bill, the Karnataka Motor Transport and Other Allied Workers' Social Security and Welfare Bill and the Karnataka Motor Vehicles Taxation (Amendment) Bill were passed in both Houses of the state legislature on Thursday.

The Karnataka Hindu Religious Institutions and Charitable Endowments (Amendment) Bill, which was earlier passed in the Assembly but was defeated in the Council last week, was passed in both Houses on Thursday. The Bill, which proposes to enhance the amount of common pool fund, will now be sent to the governor's office for assent.

The Karnataka Motor Transport and Other Allied Workers' Social Security and Welfare Bill, 2024, apart from ensuring social security for such workers, stresses on constituting a Karnataka State Motor Transport and other Allied Worker's Social Security and Welfare Board for disbursement of social security schemes.

The Bill also seeks the re-appropriation of funds from the Karnataka Motor Vehicles Taxation Act to finance such schemes. The Karnataka Motor Vehicles Taxation (Amendment) Bill, which allows levying lifetime tax on motor cars, jeeps, omni buses and private service vehicles running on electricity and cost exceeding Rs 25 lakh, was also passed.

BJP APPEALS TO GUV TO DISMISS GOVT

EXPRESS NEWS SERVICE
@Bengaluru

OPPOSITION BJP legislators on Thursday appealed to Governor Thawaarchand Gehlot to recommend to the Centre to dismiss the Congress government as it failed to maintain law and order in the state.

The BJP and JDS legislators staged a protest on Vidhana Soudha premises, took out a protest march to Raj Bhavan and submitted a memorandum seeking action against the government.

Speaking to reporters after submitting the memorandum, former chief minister Basavaraj Bommai said the government must order a probe by the National Investigation Agency (NIA) into the raising of pro-Pakistan slogans. The state government must be dismissed by the governor since it was not functioning according to the Constitution and it is protecting anti-nationals, the former CM said.

He said the Congress has gone morally bankrupt and the budget presented by Chief Minister Siddaramaiah has been far from the truth. Now, they have been exposed further by defending those who raised pro-Pakistan slogans, he said.

The Congress leaders think everyone would forget this incident since the joint session of the state legislature has ended, but the people of Karnataka will not forget, he said and added that the BJP will continue with the agitation.

BJP leaders protest at Vidhana Soudha

Leader of Opposition in Assembly R Ashoka accused the government of trying to mislead people and hush up the incident. He said the government must make the FSL report public.

BJP leaders also slammed Congress MLC BK Hariprasad for stating that Pakistan is enemy country for the BJP, not for them. Bommai said the MLC's statement shows the mindset of the Congress.

Merry-go-round by Oppn members 'distract' CM

EXPRESS NEWS SERVICE
@ Bengaluru

THE BJP MLAs in the Assembly, who attempted to distract CM Siddaramaiah during his reply to the discussion on the state budget on Thursday, were successful to some extent.

Siddaramaiah got distracted as BJP MLAs were either involved in sloganeering or doing a merry-go-round. The CM continued his speech only after the BJP members stepped out.

Even as Speaker UT Khader called the CM to give his reply on behalf of the government on the budget, BJP MLAs came to the well of the House demanding action against those who allegedly raised Pakistan slogans earlier this week. Siddaramaiah, who began his reply, got distracted owing to the chaos.

BJP members also started singing songs ridiculing the state budget. They even started moving in circles in the well of the House. They were clapping their hands and even tore copies of many Bills and threw them towards the Speaker.

BJP members on merry-go-round in the well of the Assembly on Thursday | EXPRESS

When Siddaramaiah spoke about Prime Minister Narendra Modi during his tenure as Gujarat CM, BJP members started raising slogans - Jai Modi and Har Ghar Modi. Irked by this, Siddaramiah, who stopped his speech, said, "Why are you taking Modi's name here when he is not present in the House?"

Later, when BJP members started chanting Jai Sriram, Siddaramiah stopped his budget reply and started chanting Jai Seetharam. "We do not divide husband and wife... we do not divide families. I also have constructed two Ram temples at my place. Ram is my name. Why do you act like Ram is only yours?" he asked the BJP MLAs. "BJP members have neither read the Ramayana nor Mahabharata. But claim to have built Ram Mandir in Ayodhya" he said.

BJP members then started chanting Jai Kempegowda. The CM got distracted again and told them that it was his government that started Kempegowda Jayanti and not the saffron party.

Accept report, face protests, Mahasabha tells govt

EXPRESS NEWS SERVICE @ Bengaluru

IN the wake of Karnataka State Commission for Backward Classes (KSCBC) Chairman K Jayaprakash Hegde submitting the final Socioeconomic and Education Survey (caste census) report to Chief Minister Siddaramaiah, the Akhila Bharata Veerashaiva Lingayat Mahasabha has demanded that the state government not accept it, saying there are "many doubts" regarding it.

"If the government ignores the opposition from various communities and accepts the report, it will become necessary for the Mahasabha to organise a state-wide struggle," the forum said.

In a statement, Mahasabha secretary Renuka Prasanna pointed out that the Kantharaju Commission was first set up for the purpose of a caste census but later it was changed to an socioeconomic and educational survey. "It has been almost eight years since the report was prepared and there has been a lot of changes in the caste-wise population since then. There has been a lot of variation in the post-Covid period too. Therefore, accepting this report as it is will be unfair to all communities. Hence, the mahasabha has been strongly opposing the report from the beginning," he said.

He said even the 24th general assembly of the Mahasabha held in Davanagere in December decided not to support the report. "This report is completely unscientific. If it is passed in a hurry, it will do more harm than good. In view of this, the mahasabha is again demanding that the report should be rejected."

CASTE-WISE POPULATION (APPROXIMATE)

SC: 1.08 cr
Muslim: 70 lakh
Lingayat: 65 lakh
Vokkaliga: 60 lakh
Kuruba: 45 lakh
ST: 40.45 lakh
Ediga: 15 lakh
Vishwakarma: 15 lakh
Uppara: 15 lakh
Besta: 15 lakh
Brahmin: 14 lakh
Golla: 10 lakh
Madiwala: 6 lakh

Bommai seeks open debate

CONTINUED FROM PAGE 1

MEANWHILE, with leaders from the dominant Vokkaliga and Lingayat communities being opposed to the report, even before its contents were made public, Siddaramaiah said he is yet to study the same. "It will be placed before the cabinet and decided upon," the CM told reporters on Thursday.

Hegde told reporters that the CM has assured to place the report before the cabinet. "We have carried out the survey scientifically, and it is not right for people to oppose it, without seeing it," he said.

Just a few months ago, Deputy Chief Minister DK Shivakumar and other leaders from the Vokkaliga community had urged the CM not to accept the report as it was not prepared scientifically and door-to-door survey was not done. The Vokkaligara Sangha had submitted a memorandum to the CM against the caste census, which was signed by Shivakumar and Higher Education Minister MC Sudhakar. After this, Shamanuru Shivashankarappa, who heads Veerashaiva Mahasabha, also expressed opposition to the report. They are demanding a re-survey.

It was during his earlier tenure as the CM, between 2013 and 2018, when Siddaramaiah commissioned the survey. The then Chairman of KSCBC, H Kantharaju, had completed it and prepared a report in 2018. It was, however, neither accepted nor made public.

Meanwhile, former chief minister Basavaraj bommai urged Siddaramaiah to clarify whether this report is the Kantharaju Commission report or the Jayaprakash Hegde Commission report. There should be an open debate. He told reporters that there was no mention of caste census in the Kantharaju report. There are many applications pending before the Supreme Court, on who has to carry out the caste census. "We're not against any Backward Class, but based on their population, one should get justice. This should not become dice during polls," he said.

At the same time, it remains unclear if the government will make the report public ahead of the Lok Sabha polls.

BOARDS AND CORPORATION

Cong chooses leaders over legislators

EXPRESS NEWS SERVICE
@Bengaluru

AHEAD of the Lok Sabha polls, the state government has appointed Congress leaders as heads of 44 boards and corporations for two years. Earlier, legislators used to be appointed to the posts.

Former Bengaluru mayor R Sampath Raj has been appointed chairman of BR Ambedkar Development Corporation. Former MLC Srinivas will be chairman of Karnataka State Tourism Development Corporation, Raghunandan Ramanna, chairman, Bengaluru-Mysuru Infrastructure Corridor Area Development Authority, BH Harish, chairman, Karnataka State Agriculture Produce Processing and Export Corporation, Padmavati, chairman, Women Development Corporation and Sadhu Kokila, chairman, Karnataka Chalanachitra Academy.

Former minister HM Revanna has been appointed head of the Guarantee Implementation Committee. The committee chairman will be given the status of a cabinet minister.

'Internal feud' in Belagavi hits prospects of Congmen

NAUSHAD BIJAPUR @ Belagavi

THE internal feud between some of the top leaders of the Congress in Belagavi has affected the prospects of several party workers who are lobbying for the posts of heads of various boards and corporations in the state.

According to sources, the simmering differences between ministers Satish Jarkiholi and Laxmi Hebbalkar have made the State Government and the Karnataka Pradesh Congress Committee (KPCC) keep the announcement of heads for several important boards and corporations on hold, particularly in Belagavi, including Belagavi Urban Development Authority (BUDA) and Command Area Development Authority (CADA).

As a result of the party's internal rifts, none of the Congress workers or leaders from Belagavi district, the biggest district in Karnataka with 18 Assembly constituencies, figure in the list of heads of 44 boards and corporations announced by the government on Thursday.

Although some of the Congress legislators from Belagavi, including Kagwad MLA Raju Kage and Bailhongal MLA Mahantesh Koujalgi, were among the heads announced by the government for various boards and corporations recently, none could make it to the fresh list of heads on Thursday.

Sources said some MLAs from Belagavi were likely to be named as heads of important boards in Belagavi, but the government kept the announcement on hold.

Sources close to Jarkiholi said the latter had given the list of six party workers and leaders for the top posts from Belagavi district as he is the district minister. He had included leaders from all communities to ensure social justice. However, the Congress' top leadership in the state is said to have kept his list on hold after objections raised by some leaders of the party in Belagavi, sources added.

PREZ WITHOLDS ASSENT TO VARSITY BILLS

Witheld assent to 3 bills, including one seeking to divest Kerala Guv from post of Chancellor

EXPRESS NEWS SERVICE @T'Puram

IN a major blow to the state government's efforts to curtail the governor's powers in university matters, President Droupadi Murmu has withheld assent to three Bills, including the one seeking to divest the governor from the post of chancellor of state varsities. For all intents and purposes, the Bills have reached a dead end, said experts.

Governor Arif Mohammed Khan had sent seven Bills to the President last November after the state government moved the Supreme Court alleging inordinate delay by him in clearing the pieces of legislation passed more than a year ago.

In a press release on Thursday, the Raj Bhavan said the President has "withheld assent" to the amendment bills divesting governor from the position of chancellor of universities; expanding search committee for vice-chancellor appointments and effecting governance changes within the technological university. While the President has given assent to the Kerala Lokayukta Amendment Bill, 2022, a decisions on other three Bills is awaited, the Raj Bhavan said.

The Kerala University Laws [Amendment No.2] [Divesting Governor from the position of Chancellor of Universities] Bill, 2022, was passed to keep the governor's powers under check in state varsities. It enabled the government to appoint academicians or "persons of eminence" in various fields of knowledge as chancellors in various universities.

University Law Amendment Bill, 2022 (Expansion of search committee for the appointment of VC) proposed expanding the three-member search committee to a five member panel. Along with nominees of the chancellor and the university, a nominee of the government and the state higher education council were also included. The moved aimed at ensuring greater leverage to the government in VC selection.

A bill dealing with the appellate tribunal and other amendments to Technological University, was the third legislation denied assent.

Stalin: Modi heads heartless govt, fears losing election

EXPRESS NEWS SERVICE @ Chennai

CHIEF Minister M K Stalin on Thursday asked Prime Minister Narendra Modi to spell out what central schemes the state government has blocked. Responding to Modi's claim that there was lack of cooperation from the DMK government in implementing central schemes, the CM said Modi is slandering DMK and the state government due to his fear and anger over the prospect of losing Lok Sabha elections.

In a letter addressed to DMK cadres on the eve of his birthday, Stalin said, "Modi should have specified the projects that were being obstructed by the DMK administration instead of making superficial and generalised allegations. Did we block the opening of AIIMS in Madurai? Did we stand in the way of metro rail projects? Let him tell us for which Union Government projects did we not allocate land." He said the DMK was openly opposing only those schemes like the NEET, farm bills, Citizenship Amendment Act and National Education Policy since they were against the interests of people. "Modi, who heads a heartless government that denies due grants to states, prevents borrowing, doesn't sanction even flood relief money, has no right to criticise the DMK," Stalin said.

Responding to Modi's remarks that DMK had to be driven away from Tamil Nadu, Stalin termed the remarks as demeaning to the position of PM. He said he would not wish the same for the BJP as DMK believed in BJP's right to function as a party in a democratic arena. The political history of Tamil Nadu would show what happened to those who wanted to destroy the DMK, Stalin said. "My wishes for the BJP, which was not able to be a good ruling party in the past, to function at least as a good opposition party in the future," the CM quipped, hinting that he believed the saffron party may be voted out in the LS election.

2-wk extension for Kannada board deadline

EXPRESS NEWS SERVICE @Bengaluru

FOLLOWING an outcry from commercial establishment owners over the short period for implementing the 60% Kannada rule in name boards, Deputy Chief Minister DK Shivakumar announced that the government has extended the deadline by another two weeks. The earlier deadline was February 28.

Taking to social media on Thursday, Shivakumar said, "Considering that it takes time to change the signage, the Karnataka government has decided to extend the deadline given to commercial establishments by two more weeks so that the 60 per cent signage in Kannada rule can be followed."

"It is important that we uphold our mother tongue with utmost respect, therefore we expect this law will be duly followed, and we shall see compliance to it by the end of the two-week extended period," he added.

Explaining the move, BBMP Chief Commissioner Tushar Girnath said, "As many shopkeepers have to put up Kannada name boards, there is a huge demand for labour involved in this. Keeping in mind the shortage of such labourers, we have extended the deadline to install Kannada name boards by two week. After this, if boards are not changed, then the commercial units will be shut down and their trade licences will be cancelled."

He said there was positive response from businesses on implementing 60 per cent Kannada of their name boards and more than 90 per cent of establishments have fallen in line. "Of the 55,000 shops and establishments identified by our officials, only 3,000 are yet to fall in line," Girinath said.

Shakti effect: 6,100 buses to be inducted

BANSY KALAPPA @ Bengaluru

ABOUT 6,100 buses will be inducted into service over the next 12 months, as the Shakti scheme has meant more passengers using buses. This, and a host of other decisions were taken by the Cabinet, which met late Thursday evening.

Approval was given to buy 260 buses, of which 100 will be Pallakki non-AC buses, 120 will be non-AC buses for North Karnataka and 40 will be AC buses. The government will take up centres of industrial excellence across the state, besides initiatives to encourage startups at a cost of Rs 50 crore.

The Rs 200-300 crore scam in Keonics between 2019 and 2023, which surfaced just days after new chairman Sharath Bache Gowda took over, was discussed. The government had taken note that accounts were frozen and salaries not paid. The cabinet said those who did honest work but whose salaries were held up, will be given their dues, and those found guilty will be dealt with legally.

With summer round the corner, the government has taken up tank filling works in drought-prone areas through the Cauvery Neeravari Nigam, and maintenance works of lift irrigation schemes across the state, especially in South Karnataka. Approval was accorded for civic works in Hubballi-Dharwad area listed by the urban development department. The medical education department had also listed important works for building health infrastructure, and got approval. Administrative approval was given to CV Raman Hospital in Bengaluru, Wenlock Hospital in Mangaluru and nine other hospitals where basic intensive care facilities are being set up at a cost of about Rs 135 crore.

4 minutes late to exam hall, boy jumps into river

EXPRESS NEWS SERVICE @ Adilabad

TEKAM Shiva Kumar, an 18-year-old second-year Intermediate student, allegedly died by suicide by jumping into the Sathnala project in Jainath mandal. Upon analysis of the suicide note, the police found that he took the extreme step as he was not allowed to enter the examination centre for being four minutes late.

According to police, Shiva was pursuing his second-year CEC at the Government Junior College for Boys, and his examination centre was the Telangana Social Welfare Gurukulam Girls School. On the first day of the examinations, he arrived four minutes late to the centre and found that the gates were closed.

The state government has issued strict orders disallowing anyone into the examination centres if they are late even by a minute. Upset over being disallowed to sit for the second language paper-II examination, Shiva went to the Sathnala project, penned a suicide note and jumped into the water.

Later, fishermen identified his slipper, bag and pen and alerted the police. Upon receiving information, Shiva's parents, relatives and the police visited the site. After three hours of searching, his body was found and shifted to the Rajiv Gandhi Institute of Medical Sciences (RIMS), Adilabad, for postmortem. The body was later handed over to the family. Meanwhile, Jainath mandal police have registered a case.

Karnataka has 1,879 leopards in 5 tiger reserves, more outside

BOSKY KHANNA @Bengaluru

AT least 1,879 leopards roam free in the five tiger reserves of Bandipur, Bhadra, Nagarahole, Dandeli-Anshi and BRT in Karnataka, according to the report 'Status of Leopards in India 2022' by the Ministry of Environment, Forests and Climate Change, released by Union minister Bhupender Yadav on Thursday.

As the report shows the count of the spotted wild cats inside forest areas, Karnataka forest officials said an equal number, or even more, is wandering outside tiger reserves. This is not just in Karnataka, but in other states too.

As per the report, in 2018, 1,783 leopards were counted and documented in Karnataka, and now there are 96 more. The report showed that the entire Western Ghats landscape documented 3,596 leopards in 2022, while in 2018, the number was 3,387. India houses 13,874 leopards, against 12,852 in 2018.

In this fifth cycle of leopard estimation, the populations in 20 states in India were studied on foot surveys spanning 6.41 lakh km. Researchers from the National Tiger Conservation Authority and Wildlife Institute of India in the report quoted: "Although the leopard population in Western Ghats is widely distributed, it faces the repercussions of habitat loss and fragmentation and poaching. Leopards in Western Ghats often inhabit human-dominated spaces, leopard-human conflict is prevalent in the entire landscape and has increased in recent times. While the Nilgiri forests harbour high-density leopard populations (13 leopards per 100sqkm), leopards occur in much lower densities in the scrubland, open forest mosaics of central Karnataka or the evergreen patches of southern Western Ghats (1 per 100sqkm). In central and northern Western Ghats, leopard populations are distributed in higher densities inside the Tiger Reserves (Bhadra, Kali, Mudumalai and Sathyamangalam) while moderate to low densities are outside protected areas."

Leopards are highly adaptive animals, they survive in urban areas because of the street dog population and meat strewn around slaughter houses, which is available in abundance now

Subhash Malkhade, Chief Forest Conservator

Subhash Malkhade, Principal Chief Conservator of Forests, Wildlife, Karnataka, said these are the minimum numbers and the same number or more are outside. He explained that the leopard population assessed in the report was based on camera trap images in the reserves. "More than the numbers, the trend is important. The carnivore population is increasing and shows there is also a healthy prey base inside the forests. Leopards are highly adaptive animals, they survive in urban areas because of the street dog population and meat strewn around slaughter houses, which is available in abundance now," he said.

Local BJP leader hacked to death in Aland taluk

Kalaburagi: BJP leader Mahantappa Siddaramappa Alure (45) of Aland taluk was killed by miscreants in Sarasamba village on Thursday, said police sources. Sidharamappa was the president of Dhanalakshmi Cooperative Society of Sarasamba and has been elected continuously as the member of Sarasamba Gram Panchayat. According to the police, Mahantappa had gone to the cow shed on his field on Thursday morning to collect milk. While returning to his house, some miscreants, who came in a car, attacked Mahantappa near GESCOM office with weapons and escaped, police said. Though Mahantappa was taken to a hospital in Solapur of Maharashtra immediately, he succumbed to his injuries. Police said that the postmortem was conducted in Solapur and the place for his final rites will be decided by the family members. INDIAN EXPRESS IS NOT AN INDUSTRY. IT IS A MISSION.

— Ramnath Goenka

REFRAME LIFE AND SCHOOLING GOALS TO REDUCE HEALTH RISKS

ZERODHA founder Nithin Kamath's social media post on having suffered a mild stroke has turned the focus back on health issues afflicting the relatively young. Nithin is 44 and a self-acclaimed fitness enthusiast. Sandalwood matinee idol Puneeth Rajkumar, who loved working out at the gym, suffered a heart attack at age 46. Stroke and heart attack, once considered the worries of senior citizens, are becoming increasingly common across age groups—and they are not confined to couch potatoes. If we were once worried that desk jobs brought on a bouquet of lifestyle disorders like diabetes, high cholesterol and obesity, tenuous links are now being established between regular gym workouts and sudden heart attacks. This triggers a big question: to gym or not to gym?

Forty-six out of every lakh of Indians in the 19-49 age group suffer strokes; one in five heart attack patients are younger than 40—and both these numbers are on the rise in the post-Covid era. Strokes and heart attacks were once thought to be the result of an unhealthy cocktail of poor diet, sedentary lifestyle, smoking, substance use and overconsumption of alcohol. But the causative factors could be more complex—a clue may lie in Nithin's post, which cited stress and lack of sleep. Among the host of risk factors that the young deal with these days, the most deadly appears to be stress—termed a 'silent killer'—while sleep deprivation is a new epidemic that the medical world is grappling with. Stress has become a part of childhood too, and our education system is responsible in no small measure. What should be a carefree period of life is fraught with the apprehension of securing good scores. The Indian system could take a leaf or two out of the Japanese style of schooling, which focuses on knowledge and not grades.

Which brings us to a crucial question: Is the stress, hypertension and sleepless nights worth the chimera that the human race is chasing? Especially now that it is established that Covid enhances the chance of heart attacks and strokes. Reducing the risks of stroke starts with small everyday choices such as eating healthy, getting more exercise and better sleep. Experts advise taking a step back and focusing on a slower, holistic lifestyle, and striking a work-life balance. Head honchos, too, must to take a break to chase butterflies.

PAWAN FACES BACKLASH, TROUBLING TDP PACT

IT is common for politicians to rebel and switch sides if their aspirations are frustrated. In Andhra Pradesh, this routine is playing out among the ruling YSRC, opposition TDP and the latter's ally, actor Pawan Kalyan's Jana Sena. While the YSRC and TDP are going about the issue with clarity and maturity, Jana Sena is facing a severe backlash. This has implications not only for the actor, but also the TDP.

The TDP conceded 24 assembly and three Lok Sabha seats to its ally. It is in talks with the BJP as well to seal a tri-partite deal. Its calculation is that the alliance would have a good chance of dislodging Chief Minister Y S Jagan Mohan Reddy. It is banking on the star power of Pawan Kalyan and his community, the Kapu, to swing the votes. Jana Sena's vote share is expected to go up from the 5.5 percent it clocked in 2019. In addition, given the hype surrounding Pawan Kalyan, his followers expected more out of the alliance. Hence the uproar following the pact should have been anticipated; but it seems both the star and his close aides are taken aback. Many of his cadre and Kapu community leaders are visibly upset, accusing him of working only to make TDP chief N Chandrababu Naidu the chief minister. Pawan did himself no favours by asking them not to question him. What he has conveniently ignored is that many followers stuck to him over the last decade in the hope of seeing their own prospects soar one day alongside the party's. What is even more appalling is his admission that his party has no organisational strength, viable candidates or booth agents in every constituency—which only points to his and his aides' failure in the last, or rather the lost, decade.

If the BJP, which we understand is reluctant to bolster the TDP, comes around, it will only be on its own terms, unlike the Jana Sena. Though the BJP's vote share is marginal, it is likely to bargain hard for seats, making things a bit difficult for the TDP. With these factors playing out, it is no wonder that some TDP leaders are ruing the very idea of the alliance. If Pawan fails to control the flames of dissent, vote transfer would remain a pipe dream.

QUICK TAKE

MORE EARS TO THE BUD

IT'S two decades since journalist Ben Hammersley coined the term podcast as a portmanteau of iPod and broadcast. Steve Jobs started gushing about the format and George W Bush became the first president to deliver a weekly podcast. It caught on in the Anglophone world. Indians, though late admirers, started lending their ears in numbers a decade later. So much so that consultancy PwC estimated India was the third largest podcast market in 2019 after the US and China. This wide world of the spoken word has immense scope in a rapidly urbanising country with long commutes. If you haven't been charmed yet, you might want to give it a chance.

China's expansionism in Taiwan and South China Sea flows from a self-image that's in play in Doklam and Tibet too. India should enhance its ties with Taiwan

HOW TO TRAIN OUR SIGHTS ON THE DRAGON

MANISH TEWARI

Member of parliament, lawyer, and former I&B minister

SOURAV ROY

THE recent Taiwanese elections have resulted in a mixed outcome where everyone is both a winner and a loser. The pro-West Democratic Progressive Party's (DPP) presidential candidate, William Lai, won the presidential election. However, the DPP lost its majority in the legislature, where the pro-China Kuomintang (KMT) and Taiwan People's Party (TPP) won enough seats to ensure that their support is needed for the passage of any legislation. This hung parliament with contradicting ideologies will have consequences for the archipelago state, as it is juxtaposed against a belligerent People's Republic of China that questions its very existence as an independent and autonomous Westphalian entity.

Taiwan is approximately 380 km long and 160 km wide. Despite its small size, it is home to around 24 million people. It also holds an immensely important strategic position in the Indo-Pacific region, situated between China, Japan and the Philippines, playing a pivotal role in Indo-Pacific trade.

Additionally, Taiwan is the world's largest producer of semiconductors, accounting for over 60 percent of the global production, with a direct impact on the global supply chain for microchips used in smartphones, cars, medical equipment, aircraft, and countless other electronic systems. Thus, any forcible regime change in Taiwan that threatens the status quo shall have far-reaching consequences for the global market. That is why it is said that China is protected by the Silicon Shield.

The conflict between China and Taiwan is a clash of two distinct perspectives. To gain a better understanding, some historical context is essential. The initial inhabitants of Taiwan were the aboriginal Austronesian people who settled on the archipelago. Han Chinese gradually encountered the natives in the late 13th century and began settling there by the 17th century.

During this time, the Dutch expelled the Spanish from Taiwan and colonised the islands, while the Qing dynasty defeated the Ming to gain control over China. Consequently, the Ming general Koxinga retreated to Taiwan, where he defeated the Dutch and established himself as the governing authority. Subsequently, Koxinga ceded power to the Qing, and Taiwan became a province of the Qing empire.

The Qing maintained control of Taiwan until 1895, when Japan defeated them in the First Sino-Japanese War. The Qing were compelled to surrender Taiwan to Japan according to the Treaty of Shimonoseki. Imperial Japan governed Taiwan for 50 years until their defeat in the Second World War, after which the island was handed over to the Republic of China.

China was in the midst of an ongoing war between the Chinese Communist Party and the Nationalist Kuomintang. In 1949, the Communists won the Civil War, forcing the Kuomintang under Chiang Kai-Shek to retreat to Taiwan. This resulted in the presence of two Chinas: the People's Republic of China on the mainland and the Republic of China on Taiwan, both claiming stake to each other's territory.

The Taiwanese democratic impulse was forged in the wake of the Kaohsiung Incident of 1979, where Taiwanese citizens openly opposed the authoritarian policies of the KMT. The democratisation of the island gave rise to a new vision of Taiwanese identity. The people of Taiwan perceived this as the first time in their history that they had the power of self-determination. They regarded all other entities, including the original KMT, as foreign forces.

This perception is intrinsic to the Democratic Progressive Party, which advocates for the independence and international recognition of Taiwan. On the other hand, the KMT advocates for forging better ties with China, with the ultimate objective of reunification with the mainland.

On the other hand, China's perspective is built on the revanchist instinct to reclaim all its territories lost due to the interference of the European imperial powers. China views the period from 1839 to 1948 as its 'Century of Humiliation'. During this period, the Chinese state suffered from foreign imperialism and colonialism, leading to the undermining of the Middle Kingdom. In order to rebuild China, the Chinese Communist Party has always aimed to re-extend China's borders and influence to those that existed during the Qing dynasty. This accounts for the misplaced attempt by China at expansionism in the South China Sea, Doklam, Tibet and Taiwan. China believes that Taiwan is its territory, taken from it in a moment of weakness, and it will employ all means to ensure that Taiwan reunifies with the mainland.

However, this is easier said than done. In the early months of 1944, the US Joint Chiefs of Staff conceptualised two war plans to accelerate the march towards Japan.

While General Douglas MacArthur was a proponent of advancing towards the Philippines and capturing Luzon, admirals Chester Nimitz and Ernest King, General George C Marshall, and Army Air Force Chief of Staff Henry H Arnold advocated bypassing Luzon and seizing Taiwan. The name given to the proposed invasion of Japan, then called Formosa, was Operation Causeway. The option was ultimately given up by the military top brass due to the high human cost and risks estimated.

There is a world of a difference between 1944 and 2024 in terms of Taiwan's ability to defend itself and how any aggression on it would become a litmus test for the entire Indo-Pacific interests of a large number of nations involved. While the Taiwan Straits crisis of 1996 became the trigger for China's military modernisation after the US sailed two aircraft carrier battle groups through the Straits to send a clear message that Taiwan's sovereignty had the US's strategic backing, notwithstanding the US's avowed 'One China' policy. The One China policy is distinct from the One China principle, by means of which China claims that Taiwan is an inalienable part of the mainland.

However, conversely it also sent a loud message to Taipei that it would also have to build a robust defensive capability coupled with a broader outreach to those countries who are subjected to extra-territorial claims by China. That is where India and Taiwan have a convergence of interests.

India is also combating China's aggressive moves along the Line of Actual Control or LAC. Moreover, China has managed to court India's neighbours and create a so-called String of Pearls to try and constrain India. New Delhi should improve its relations with Taiwan by enhancing its trade ties as the first step. A robust semiconductor industry is a necessary imperative for a developed India. There, a partnership with Taiwan would be critical to begin with.

DOES AI DREAM OF DIGITAL SHEEP?

SAAI SUDHARSAN SATHIYAMOORTHY

Advocate, Madras High Court

IN Philip K Dick's *Do Androids Dream of Electric Sheep?* readers are introduced to a post-apocalyptic earth contaminated by radioactive debris from a global nuclear war. The war has resulted in the extinction of the majority of animals and increased the pressure on humans to emigrate to off-world colonies. The promise of a personal, extremely human-like android servant is used to motivate humans to leave the planet. However, as the androids start to rebel, they are prohibited from being on earth. But a number of these androids manage to escape. A policeman named Richard Deckard is tasked to take on the role of an android bounty hunter, to find and 'retire' the androids.

Beyond the ethics of the task itself, the novel's central concern is that of the place of androids and other extremely human-like autonomous systems. Are they sentient? Do they have a soul? And as Deckard asks himself, do androids dream?

While today's most advanced artificial intelligence (AI) systems—think of the ChatGPTs and Geminis—are far from achieving sentience or being capable of dreaming of a greater purpose, they do 'hallucinate'. These AIs are stochastic parrots that chatter convincingly without understanding and lack consciousness. They are trained using massive datasets that enable them to recognise, translate, predict, or generate text or other content.

However, they can also make things up and make claims that are untrue. This isn't a problem of bad inputs, but rather a function of the way large language models (LLMs), that underpin AI work, works. But who should be held accountable when things go wrong?

Where one's right is invaded or destroyed, the law gives a remedy to protect it or provides compensation (*ubi jus ibi remedium*). Thus, whenever an autonomous system goes wrong or causes harm, someone has to be held liable for the damage. Can the autonomous system itself be held responsible for the wrong then? But, if soul, sentience and salvation, much like the act of dreaming, are very human-like, how can a non-sentient system be held responsible?

While the need to assign responsibility and establish liability for AI is obvious, the idea that such systems be assigned legal persona—much like corporate entities—is quite new. At present, apart from humans, both private and public bodies can qualify as legal persons if the legislature attributes 'legal subjectivity' to them. Legal subjectivity is attributed by positive law, just like subjective rights depend on objective law. For instance, in the case of companies, the attribution results in the creation of a legal fiction, in the separation of ownership from the management of the entity and limits liability. This separation, pertinently, does not absolutely protect the humans behind the company from liability, as the 'corporate veil' can be lifted where the corporate form is being used for some manifestly improper or fraudulent purpose.

WIKIMEDIA COMMONS

Richard Deckard, a character in a Philip K Dick novel that was made into a film, wondered whether androids dream. Today we know AIs hallucinate—they make up false things at times. Who should be held legally responsible in such cases?

However, unlike a company where the actual decisions are made by humans, in the case of an LLM, existence of hallucination would mean there is no application of mind by the human owning the LLM, but only an employment of a performative speech act that generates incorrect or misleading results. It is not a result of the capability to engage in intentional action and, thus, lacks legal agency. As such, without self-consciousness and autonomous agency, the attribution of legal persona, at present, is more of a political question.

How then to deal with the misleading information provided and breaches caused by such autonomous systems? A recent ruling in a Canadian civil resolution tribunal, in *Moffatt vs Air Canada*, which follows similar decisions in the US and Hong Kong, is a significant development. The case examines whether a company can be held responsible for inaccurate information given by an AI chatbot on its website. The ruling states that a firm can be held responsible for false statements and misleading information (caused by hallucinations) provided by a chatbot on a publicly accessible commercial website. According to the tribunal, "The applicable standard of care requires a company to take reasonable care to ensure their representations are accurate and not misleading." It further held that the chatbot, as asserted by Air Canada, could not be considered a separate entity and thus be absolved of liability.

This is so as an electronic agent—a chatbot employed by a person—is a tool of that person, the court held. Ordinarily, the employer of a tool is responsible for the results from its use because the tool has no independent volition. When computers are involved, the requisite intention flows from the programming and use.

Blaming the employer for the actions of his tool, in such cases, does not exhibit a dislike for technology, but reflects the fact that the autonomous system functions solely based on the information and instructions provided. The employer is thus to be placed under a duty of care to monitor the autonomous system employed and prevent any damage resulting from its use, the court ruled. Moreover, holding the employer liable for the actions of the autonomous system also seems practicable as it provides legal clarity for the victim.

When seen as a tool, there is little trouble in attributing the consequences of hallucinations and resulting actions of an LLM to the company that employs it.

Wayanad seat

Ref: *Wayanad seat tests India bloc unity in Kerala* (Feb 29). The editorial says the Congress is on a stickier wicket with the BJP increasingly eating into its vote share. I disagree with this assessment. Its recent victories in local body elections show Congress is well-organised in the state and is fully capable of retaining the seats it won in 2019, even without Rahul contesting from Wayanad.

Science is a rational process for the discovery of the truth. There is a well-known verse in our Upanishads: *Tamaso Ma Jyotirgamaya*, which means to lead me from darkness (ignorance) to the light (enlightenment). Scientific temperament leads to knwoledge. A reason for the lack of it is our school education system that emphasises on memorising.

Stars dropped

I was disappointed to read that the BCCI has dropped Shreyas Iyer and Ishan Kishan from contracts for ignoring domestic cricket. They have contributed greatly to the team in white-ball cricket. Dropping such eminent players could have been avoided. They may have chosen to avoid domestic cricket to manage their workload.

Winnability, political background and people connect main criteria for candidate selection

First BJP list of 125 candidates ready

RAJESH KUMAR THAKUR @ New Delhi

AFTER hours of deliberations, the BJP at a meeting of its Central Election Committee (CEC) on Thursday reportedly cleared the names of potential candidates for over 125 Lok Sabha seats, including many high-profile ones such as Varanasi, Gandhinagar and Lucknow.

The CEC has 550-plus members and includes Prime Minister Narendra Modi, party chief JP Nadda, Home Minister Amit Shah, Defence Minister Rajnath Singh and CMs and deputy CMs of BJP-ruled states. The meeting went on for hours till late in the evening.

Party sources said if the first list of candidates is not decided till Thursday night, the party may release it the next day.

A prelude to the CEC meeting took place at PM's residence with Nadda, Shah and Modi going into a huddle. This meeting continued for nearly three hours where points of approvals for candidates were reportedly discussed.

The trio later went to the party headquarters. The CMs and deputy CMs of all BJP-ruled states attended the CEC meeting till late night.

The CEC, which puts the seal of approval on the party nominees for various elections reportedly approved the names of potential candidates for 100-125 LS seats in 18 states after hours of discussions.

Party sources said the CEC members conceded that the degree of "winnability" should be the primary factor for the selection of candidates. The Prime Minister reportedly emphasized the need for fielding candidates with a higher degree of winnability, a clean political background and a proven interface with the people at a time when the NDA is targeting 400-plus seats, with BJP alone projecting itself to cross 370 seats, out of the total 543.

The party chiefs of UP, West Bengal, Rajasthan, Chhattisgarh, Uttarakhand, Telangana, Kerala, Maharashtra, Madhya Pradesh, Goa, Gujarat and other states attended the meeting of the party's apex decision-making body with the lists of candidates. "The talks over the final names for 100-125 seats, including some of the VIP constituencies like Varanasi, Gandhinagar and Lucknow, went for hours with each member putting forth his suggestions. The PM and home minister were among others who suggested many points," said a senior party functionary.

He said there was no doubt on the continuation of Modi from Varanasi, Shah from Gandhinagar in Gujarat, Rajnath Singh from Lucknow. It was also discussed that Nitin Gadkari will contest from Nagpur, Smriti Irani from Amethi, Anurag Thakur from Hamirpur, Prahlad Joshi from Dharwad. Sources also said BJP leaders Ravi Kishan will fight from Gorakhpur, Subrat Pathak from Kannauj, and Sadhvi Niranjan from Fatehpur.

"It is being said there were prolonged discussions on candidates for seats identified as weak in the South and West Bengal," said a BJP leader.

The names shortlisted could be announced as early as Friday or a day later for more than 125 seats including dozens of those identified as weak ones.

Sources said the CEC also discussed the feedback of shortlisted candidates. It is believed that the party may field many RS MPs in the LS elections this time in addition to bringing new faces in the fray, also depending upon their winnability.

25-30% of sitting MPs likely to be dropped

The BJP is learnt to have decided to drop several sitting MPs to make way for new faces this time, for reasons ranging from poor winnability, poor connect with people and old age, to changed social and caste equations in their respective seats. Sources hinted that it would not be surprising if the party drops around 25-30% of total sitting MPs this time.

No headway in Cong-Trinamool seat-sharing talks in Bengal

PREETHA NAIR @ New Delhi

EVEN as the Congress stitched up alliances with INDIA bloc partners Aam Aadmi Party and Samajwadi Party for Lok Sabha seats in Delhi and Uttar Pradesh, there appears to be no headway in the seat-sharing talks with Trinamool Congress (TMC) in West Bengal, said sources aware of the matter.

Though Congress maintains that its doors are open for TMC, the Mamata Banerjee-led party has not budged from its stand of contesting solo in all the 42 LS seats, said a TMC leader.

Another TMC leader said that senior leaders of both parties are still in talks for the Tura parliamentary seat in Meghalaya, currently held by Agatha Sangma of the National People's Party. TMC got 28 per cent of votes from Tura in 2019.

"Even if the two parties decide to fight together in Meghalaya, it is unlikely that they will enter into an alliance in West Bengal," the leader said.

The talks hit a roadblock last month after Banerjee refused to part with more than two LS seats to the Congress. Though the Congress scaled down its demand to six seats from the earlier 10, TMC seems to be in no mood to agree to it.

3.4L CAPF men to be sent to sensitive areas from today

MUKESH RANJAN @ New Delhi

AHEAD of the Lok Sabha elections, the Ministry of Home Affairs (MHA) has directed the Central Armed Police Forces (CAPFs) to mobilise troops in areas considered sensitive, officials in the know of the development said.

In the first phase, more than 3.4 lakh CAPF personnel will start moving to the sensitive areas from Friday (March 1) for familiarisation with the areas, the officials said.

Along with the general elections, Andhra Pradesh, Arunachal Pradesh, Odisha and Sikkim will go for assembly polls for which the Election Commission is likely to announce dates soon.

"The plan is to mobilise around 2,000 companies as part of the pre-poll deployment in sensitive and hyper-sensitive constituencies beginning March 1. Another 1.5 lakh personnel will move through roads and rail as part of this mobilisation," an official said wishing not to be named.

"The first CAPF units will start reaching the states affected by left-wing extremism (LWE), and also West Bengal and Jammu and Kashmir by this weekend. The second batch of the forces is expected to start moving towards their areas of deployment from March 7. The last units will be sent in the second and third week of March," the official said.

MHA sources said the commanding officers of the units to be deployed have been directed to familiarise their troops about the areas they are going for polls duty apart from the instructions issued by the EC.

The troops of CAPF companies are drawn from CRPF, BSF, ITBP, CISF and SSB.

During a recent meeting with MHA officials, EC requisitioned over 3,400 companies of CAPFs and police forces to ensure free and fair polls.

Food grain production up in FY24, pulses still a concern, shows govt data

JITENDRA CHOUBEY @ New Delhi

THE government on Thursday released the second advance estimation of food production for the year 2023-24, showing an increase in food grain production, especially in rice and wheat. However, there are concerns regarding pulse production.

The Kharif food grain production is estimated at 1541.87 LMT, and Rabi food grain production is estimated at 1551.61 LMT for the year 2023-24. This second estimate of Kharif crop production is over 56 LMT higher than the first estimate.

The Ministry of Agriculture and Farmers' Welfare has released the Second Advance Estimates of Major Agricultural Crops (Kharif & Rabi Season) for the year 2023-24. Starting from the previous agricultural year, summer has been segregated from the Rabi season. Therefore, this year's Second Advance Estimate of area, production, and yield includes only two seasons: Kharif and Rabi.

The government has estimated Kharif rice production at 1114.58 LMT compared to 1105.12 LMT in 2022-23, indicating an increase of 9.46 LMT. The current estimate of Rabi rice, yet to start harvesting, is estimated at 123.57 LMT. Similarly, though the harvesting of wheat is yet to commence, the government has estimated a bumper production. According to the second advance estimate, wheat production stands at 1120.19 LMT, which is higher by 14.65 LMT compared to the previous year's production of 1105.54 LMT.

However, there are concerns over the production of major pulses like Tur and Gram. The second advance estimation places the production of Tur at 33.39 LMT, which is approximately similar to last year's production of 33.12 LMT. Gram production is estimated at 121.61 LMT, marginally lower than the previous year but higher than the average Gram production from 2018-19 to 2022-23. Lentil production is estimated at 16.36 LMT, which is 0.77 LMT higher than the previous year's production of 15.59 LMT. The government estimates that the production of coarse grains is higher than the previous year.

Myanmar strife: Indian consulate staff in Sittwe shifted to Yangon

YESHI SELI @ New Delhi

THE Indian consulate staff in Sittwe (capital of Rakhine state in Myanmar) has recently shifted to Yangon with the increasing incidents of attacks that has left many dead.

"The consulate in Sittwe is functional on a skeletal basis at present. It was challenging for members to remain there due to the volatile situation. They have moved to Yangon," said a source. Bangladesh too has moved its consulate staff in Sittwe and sent them to Yangon.

The Indian government on February 6 issued an advisory following the deteriorating law and order situation and disruption of communication network, advising Indian citizens to leave.

On February 29, the morning artillery shelling in the main market of Sittwe left 12 people dead and injured 80 others. The market is about 4 km from the Indian consulate.

"The artillery shelling by the State Administration Council (SAC) navy warship on Thursday into the Korean port market in Sittwe left 12 civilians dead. The United League of Arakan (ULA) on behalf of the people of Arakan would like to urge the international community and neighbouring countries to stand up against the SAC for committing such war crimes," read a statement issued by ULA on Thursday night.

Artillery shelling by the SAC which targets the ethnic group ULA has left many dead. Hospitals and schools have been razed and people have begun to flee. Bridges have been destroyed to prevent the ULA from entering Sittwe.

"Flying into Sittwe has become a nightmare for some travellers as the SAC is pulling out youngsters (18 years and above) to use them as conscripts in the army and this is very worrying," the source added.

Meanwhile, the ULA in a statement has urged Sittwe residents to keep vigil and be cautious before stepping out of their homes as the civilian population is increasingly under threat.

The strife in Myanmar flared up after the military takeover in 2021. It has resulted in recurring, protracted and new displacement. Thousand have fled the country and 1.95 million people are currently displaced within Myanmar.

The United Nations High Commissioner for Refugees (UNHCR) has said that this year, its focus inside Myanmar will be on delivering timely humanitarian assistance, strengthening community-based protection and resilience, and supporting and expanding pathways to durable solutions for displaced persons and stateless persons. "In response to the multi-faceted nature of the crisis, UNHCR will seek meaningful, predictable, and regular access to displaced communities, for both UNHCR and humanitarian partners," it said.

Fish on diet of 72.1% of Indians, shows ICAR study

JITENDRA CHOUBEY @ New Delhi

A staggering 72.1% of the Indian population, which is equivalent to 966.9 million individuals, has been found to be incorporating fish into their diet, as per a new study.

Conducted by the Indian Council of Agricultural Research (ICAR), Ministry of Agriculture and Farmers' Welfare, and international organisation WorldFish, the study shows notable transformation in non-vegetarian food consumption patterns among Indians.

However, India's per capita consumption remained far lower (7.89 kg) than the lower-middle income countries group where average per capita consumption is almost double.

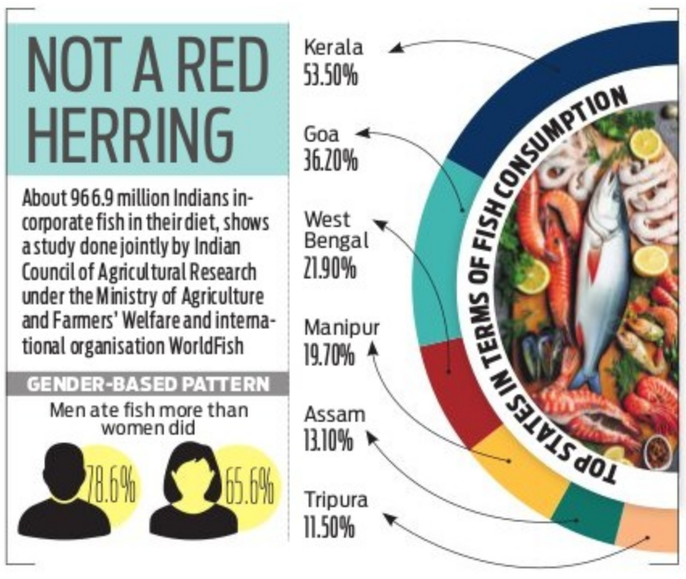
The study 'Fish Consumption in India: Patterns and Trend' shows that Tripura was the champion of fish consumption, with Punjab, Rajasthan and Haryana eating the least.

Moreover, Kerala leads in daily consumption of fish with 53.5% of the population consuming it daily, followed by Goa at 36.2%, West Bengal at 21.90%, Manipur at 19.70%, Assam at 13.10%, and Tripura at 11.50%.

Assam and Tripura both lead in weekly consumption at 69%, followed by Odisha (66.8%), West Bengal (65.75%), Arunachal Pradesh (65.25%), and Tamil Nadu (58.2%).

The data shows that Northeastern and Eastern states, Tamil Nadu, Kerala, and Goa have more than 90% fish consumers.

Over the last 15 years, Jammu and Kashmir experienced the most significant rise in fish consumption at 20.9 percentage points whereas Punjab saw a decrease in fish consumers by 3.9 percentage points.



NOT A RED HERRING

TOP STATES IN TERMS OF FISH CONSUMPTION
Kerala 53.50%
Goa 36.20%
West Bengal 21.90%
Manipur 19.70%
Assam 13.10%
Tripura 11.50%

The study also indicates that there is a difference in fish consumption between men and women. Men ate fish more than women. The report mentioned based on analysis of NFHS-5 data that 78.6% of men and 65.6% of women eat fish.

The gender-based eating pattern differences are wider in states with a lower overall consumption rate, potentially indicating men eating fish out of home. Meanwhile, there is no marked difference in fish consumption among men and women in states with high rates of fish consumption like West Bengal, Kerala and Tripura.

"Adopting holistic and adaptable policies to enhance value chains can ensure the sustainability of our aquatic food systems and improve nutritional outcomes," said WorldFish Country Lead for India Dr Arun Padiyar.

ICAR's Deputy Director General (Fisheries Science) Dr JK Jena said, "Recognising the crucial role of fish in ensuring food security and combating undernutrition is vital for the health of our nation."

Perumal idol among 101 stolen antiquities handed over to ASI

PARVEZ SULTAN @ New Delhi

AN attempt was made to smuggle out a bronze idol of Lord Vishnu (**Perumal**) dating to the late medieval period as a courier consignment in July 2021 from Tamil Nadu to Malaysia. It was sculpted using the 'lost-wax' casting method, a technique prevailing in the Chola Empire. However, alert customs officers in Bengaluru noticed oxidation suggesting that the approximately 22 kg statue is of historical significance. They red-flagged the shipment, and subsequently, the antiquity was seized.

In February 2021, Bengaluru customs officers confiscated an idol of Lord Vishnu made of chloritic schist stone belonging to the same period. It was being exported to Japan. The Directorate of Revenue Intelligence thwarted the smuggling of six handwritten Qurans from the 17th-19th century at Delhi airport in October 2018.

These archaeological treasures, along with 93 other antiquities including a tracker telescope, daggers, manuscripts, and several figurines seized by the customs from different states, were handed over to the Archaeological Survey of India (ASI) on Thursday at a virtual ceremony presided over by the Union Finance Minister, Nirmala Sitharaman.

"In total, 101 articles of seized antiquities were handed over by different field formations of Customs to ASI for display and specialized care. Out of the 101 antiquities, a few of them will be displayed at 'Dharohar'- the National Museum of Customs in Goa," said officials.

On the occasion, the minister said that Prime Minister Narendra Modi has been ensuring that stolen artefacts and antiquities are brought back to India from various countries through bilateral negotiations. Many artefacts and antiquities have been repatriated in recent times, and with these 101 seized articles of antiquities, Customs is contributing to India's rich history, said Sitharaman.

She also emphasized handling religious texts, artefacts, and antiquities with due care and dignity due to their sensitive state and historical context by the officials concerned.

Another notable antiquities given to the ASI is a Palm Leaf Manuscript comprising 155 folios with hard wooden supporting covers. It is written in Odia script and language.

PM to kick off poll campaign today

SANDESHKHALI UNREST: Modi to address rallies in 3 seats won by TMC women MPs in '19

PRANAB MONDAL @ Kolkata

EYING to woo women electorates in the upcoming general elections using the alleged sexual abuse on Sandeshkhali women as the key poll plank, PM Narandra Modi is scheduled to kick off his Lok Sabha elections campaign in West Bengal from Friday with addressing rallies in three constituencies from where the Trinamool Congress had sent women lawmakers to the lower House of Parliament in 2019.

Modi will address two rallies in Arambag, Hooghly, and Nadia's Krishnagar in two consecutive days, beginning Friday. On February 8, he will address a gathering in Barasat, North 24-Parganas, an adjoining constituency of Basirhat where the uproar led by the women broke out against the TMC satraps.

"The three constituencies selected for the Prime Minister's campaigns were selected strategically. Our party will send a loud and clear message that the BJP is the protector of women's modesty in Bengal and the TMC is the tormentor," said a BJP leader.

In 2019, TMC's Aparupa Poddar, an accused in 2014 Narada sting tape case, was elected from Arambag, Mahua Moitra, who was expelled from the Lok Sabha for cash-for-query scam, from Krishnagar and Kakali Ghosh Dastidar from Barasat.

"Initially, we selected Arambag and Krishnagar for the Prime Minister's campaigns. These two constituencies were marked by our party in the list of 35 seats that was set by Home minister Amit Shah as the target of the party in the Lok Sabha elections. Barasat was included in the list in the backdrop of Sandeshkhali stir led by the women of the area against the TMC's atrocities on them," said another BJP leader.

According to data available with the Election Commission, the state has a total of 7.58 electorates and 3.73 lakh are women who are expected to exercise their franchise in the upcoming electoral procedure.

"The majority of the women electorates belong to Hindu community who will be our target. Besides, we will also reach out to the women from other communities as the plight of Sandeshkhali women has shaken the state irrespective of their caste, creed and group," said a senior BJP leader.

The BJP has planned to bring women from strife-hit Sandeshkhali in the PM's Barasat rally to ensure an impact of the issue among the audience present and others who will be watching a live telecast of the event. "We will talk to the women of Sandeshkhali who fell victims of TMC's sexual abuse for months and years. If they want, we will bring them at the Prime Minister's event," said BJP's state president Sukanta Majumdar.

Manipur police chief says AFSPA will be imposed in state if cops can't function

PRASANTA MAZUMDAR @ Guwahati

THE Manipur Police on Thursday warned that if the force is not allowed to perform its normal duties, the government might be compelled to deploy central forces and impose Armed Forces (Special Powers) Act (AFSPA) in the strife-torn state.

Condemning Tuesday's "life attempt" on Additional Superintendent of Police (ASP) Moirangthem Amit Singh and other personnel by armed members of the Meitei radical group Arambai Tenggol, Inspector General, K Kabib requested the citizens of the state to not support such acts.

"If the police are threatened, then we will not be able to work. In that event, all issues such as insurgency, AFSPA will come up. The armed forces will also come," Kabib warned addressing a press conference in Imphal. Barring 19 police station areas in the Imphal valley, AFSPA is imposed in the rest of the state.

"It is the police who have the advantage of knowing the local public. We request all citizens to help us. Do not take law into your hand. It will create more problems," Kabib said. Fellow IGP, IK Muivah said if the police are not able to do their normal duties due to lack of cooperation from the public or obstruction from civil society and other organisations, then the central security forces would have to assist.

"That means CRPF, BSF, Assam Rifles, Army will have to come in and assist. This will result in a situation which will be far more undesirable," he said. Commandos in several districts of the Imphal valley had on Wednesday staged a symbolic "arms down" protest against the attack on the ASP.

The police said the assailants had also intimidated the ASP's family members by firing bullets and vandalising the house.

'Abrogate SoO agreement'

The Manipur Assembly on Thursday adopted a resolution to urge the Centre to abrogate the Suspension of Operations (SoO) agreement signed with over two dozen Kuki insurgent groups Earlier, the state government had sniffed their involvement in the ethnic violence. All 10 Kuki MLAs, including seven from BJP, are not attending the House session.

Punjab CM criticises Sunny Deol's absence

During a recent 'Sarkaar Vyapaar Milni' programme, Punjab Chief Minister Bhagwant Mann criticized Gurdaspur BJP Member of Parliament Sunny Deol for his prolonged absence from the constituency. Mann emphasised that politics entails constant service and availability to constituents, rather than adhering to a nine-to-five schedule. He remarked on Deol's prolific career in Bollywood, noting the actor's penchant for uprooting hand pumps in movies, contrasting it with his lacklustre performance as an MP, where he failed to even facilitate the installation of a hand pump for providing clean water.

He further declared that he was not willing to campaign or even solicit any votes for any Aam Aadmi Party candidate in Haryana or Delhi.

After Kamal Nath, son says will stay in Cong & blames BJP for 'spreading rumours'

ANURAAG SINGH @ Bhopal

AFTER former Madhya Pradesh chief minister Kamal Nath, his son and Chhindwara MP Nakul Nath has put to rest speculations about him or his father switching over to the BJP ahead of the Lok Sabha polls. Addressing a meeting of the Congress workers in Chhindwara on Wednesday, the first-time Congress MP blamed the BJP for spreading rumours about his and father's switch to the BJP.

"BJP people are spreading rumours about me and Kamal Nath Ji going to the BJP. Let me make it clear that neither he (Kamal Nath) nor me are joining the BJP," said Nakul.

His statement came two days after his father, a nine-time former Chhindwara MP, had said that there was no possibility of him or his son joining the BJP. "Am I mad that I'll join the BJP, neither me nor Nakul are going to join the BJP," Kamal Nath said.

While the father-son duo has put to rest speculations about their switch, informed political sources in Bhopal claimed that their possible BJP joining wasn't a speculation as the BJP was in touch with Kamal Nath. The sources claimed that the BJP particularly stepped back, as Nath didn't just want his son to be given BJP's ticket from Chhindwara, but also wanted some of his loyalists in the Congress to be fielded for LS polls. A few days back, Nath had spoken to local scribes in Chhindwara for the first time on the issue and said that it was all the creation of the media.

The speculations of the father-son duo joining the BJP had been triggered by their sudden flight to Delhi, after cutting short their Chhindwara visit on February 17.

The buzz was further fuelled by Nath's loyalist and former MLA Deepak Saxena, before ex-MP minister Sajjan Singh Verma put to rest the speculations on February 19. Later Nath told reporters in Chhindwara said that speculations were creation of the media.

'Mastermind' of serial blasts in '93 acquitted

RAJESH ASNANI @ Jaipur

ABDUL Karim Tunda, the prime accused in the 1993 serial blasts case, was on Thursday acquitted by a TADA court in Ajmer. He is 80. Two other individuals, Irfan (70) and Hamimuddin (44), were convicted in that case. Tunda's lawyer, Shafiktullah Sultani, said, "The court acquitted him of all charges. The CBI has failed to present any strong evidence against Tunda."

However, defence lawyer Bhavani Singh Rohela said the CBI would file an appeal in the Supreme Court. "The court acquitted Tunda because there was no direct evidence to prove his involvement," he said.

Tunda expressing gratitude to the court for his acquittal.

Tunda, Irfan, and Hamimuddin were accused in the serial bomb blasts that targeted trains in Lucknow, Kanpur, Hyderabad, Surat and Mumbai on December 6, 1993.

Twenty years ago, on February 28, 2004, the TADA court had sentenced 16 accused to life imprisonment in the case.

Tunda was nabbed in 2013 in Banbasa, Uttarakhand, near the India-Nepal border. He was known to have close ties with underworld don Dawood Ibrahim and earned the moniker "Doctor Bomb" due to his expertise in bomb-making.

Maha deal: Uddhav to contest 20 seats, Cong 18 & Sharad 10

SUDHIR SURYAWANSHI @ Mumbai

THE Maharashtra opposition alliance Maha Vikas Aghadi (MVA) has reportedly completed seat-sharing talks for the 48 Lok Sabha seats from the state. Sources said the Uddhav Thackeray-led Shiv Sena will contest 20 seats, Congress 18 while the rest 10 by the Sharad Pawar-led NCP.

MVA sources said smaller parties such as the Raju Shetti-led Swabhimani Shetkari Sangathan will be given seats by the respective alliance partners. If the Prakash Ambedkar-led Vanchit Bahujan Aghadi gets along, then it could be handed out at least three seats from the Shiv Sena and Congress quota.

State Congress chief Nana Patole, senior party leader Balasaheb Thorat and former CM Prithviraj Chavan met Sharad Pawar on Thursday at his Silver Oak residence to finalise the deal. NCP leader Jitendra Awhad said the discussions are over on the Lok Sabha elections and that no further meeting was expected.

Sources said a formal announcement could be delayed "because the BJP could poach or threaten the alliance candidates, a situation we would like to avoid."

"Most of the tricky issues over seat-sharing are sorted out. The rest will be resolved by party seniors," Awhad said. Sources said that Prakash Ambedkar-led Vanchit Bahujan Aghadi is unlikely to be a part of the larger Opposition alliance in Maharashtra.

"Prakash Ambedkar is looking for 27 seats, which is impractical. This shows Ambedkar is more interested in not joining the alliance than being a part of it. We are keen to take him on board but he is working on a BJP script. He is giving some excuses for not joining the Opposition alliance," said a source.

Sources said the Uddhav Thackeray group is keen to contest as many seats as it did in 2019 and pretty much the same for the Congress and the NCP.

"We are also ready to swap the seats while keeping the winnability factor in mind. We have to stay united because public sentiment is against the establishment. For instance, farmers are not happy because of the low rates offered to their crops while the common man is troubled by high inflation, besides unemployment is a major factor among the youth. This pent-up anger has to be channelized properly," he said.

HOW OPPN ALLIANCE SHAPING UP

MVA alliance consists of Shiv Sena (Uddhav), Congress and NCP (Sharad Pawar). It is fighting on all 48 seats. MVA can also include Swabhimani Shetkari Sangathan & Vanchit Bahujan Aghadi

No jobs for 3L eligible teachers in Gujarat in 2 yrs

DILIP SINGH KSHATRIYA @ Ahmedabad

IN Gujarat, 2.75 lakh candidates have passed the Teacher Eligibility Test (TET), and 1.18 lakh candidates have passed the Teacher Aptitude Test (TAT) but remain unemployed. These exams are necessary to qualify for teaching positions.

The Gujarat government acknowledged in the Legislative Assembly that out of 3.94 lakh candidates, 3.88 lakh who passed the TET and TAT tests in the last two years are currently unemployed.

There have been frequent protests in Gujarat over the employment of TET and TAT passers for teacher recruitment in schools.

Congress MLA Kirit Patel raised questions in the Gujarat Assembly about the number of candidates who passed these exams and how many were actually employed. In response to Kirit Patel's inquiry, the government provided statistics stating that as of December 31, 2023, 39,395 candidates passed TAT-1, 2, 35,956 candidates passed TAT-2, and 75,328 completed TAT Secondary. Additionally, 28,307 candidates completed TAT Secondary dual level, and 15,253 achieved TAT Higher Secondary dual level.

Consequently, 3.94 lakh applicants passed the teacher eligibility exams, with the government recruiting 2300 TET-1 candidates in 2022 and 3378 TET-II candidates in the same year. However, no recruitment took place in secondary or higher secondary schools in 2022.

FIGURES SPEAK VOLUME

3.88 L TET and TAT passers in Gujarat unemployed in the last two years.

2.75 L TET passers | **1.18 L** TAT passers

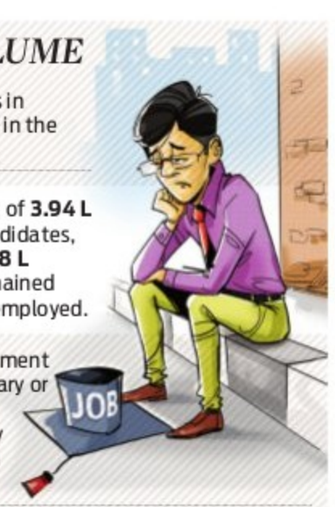
3,378 TET-II candidates

No recruitment in secondary or higher secondary schools in 2022.



No recruitment in government or grant-aided primary and secondary schools in 2023.

Only **5,678** out of **3.94 lakh** TAT and TET candidates recruited in the last two years.

VACANCIES
5,940 in higher secondary schools and 3,260 in secondary schools as of March 2023.

Similarly, the government reported that in 2023, no candidates were recruited for government or grant-aided primary and secondary schools. When Congress MLA inquired about the timeline for recruitment, the administration responded, "Recruitment will be carried out as per requirement."

Thus, the government admitted in the assembly that out of 3.94 lakh TAT and TET candidates, only 5,678 people were recruited in the last two years.

Meanwhile, addressing a query from Congress MLA Arvind Ladani on February 26th, Education Minister Kuber Dindor informed the House that 5,940 teaching positions were vacant in 4,146 state-run as well as government-aided higher secondary schools as of March 2023.

He further stated that 3,260 teaching positions were vacant in various state-run as well as government-aided secondary schools as of March 2023, in response to a query raised by another Congress legislator, Gulabsinh Chauhan.

PM unveils world's 1st Vedic clock in Ujjain, opens ₹17K cr projects in MP

EXPRESS NEWS SERVICE @ Bhopal

PRIME Minister Narendra Modi on Thursday virtually inaugurated the world's first Vedic clock installed on an 85-ft high tower at the Jantar Mantar in Madhya Pradesh's religious city Ujjain.

The clock will display time according to ancient Vedic Hindu panchang (almanac). Besides planetary positions, muhurat, astrological calculations, and predictions, the clock will also display the Indian Standard Time (IST) and Greenwich Mean Time (GMT) and operate on the time system based on one sunrise to another.

Virtually inaugurating the first-of-its-kind Vedic clock, the PM said, "This proves that our government works on vikas (development) and virasat (heritage) simultaneously. The city of Baba Mahakal (Ujjain) was once the centre of time calculation, but its importance was forgotten. Now we've established the world's first Vikramaditya Vedic clock. It will not just render an opportunity to remember our rich heritage, but will also be witness to that Kalchakra (time cycle) which will turn India into a developed nation."

PM Modi also launched the Cyber Tehsil system for all 55 districts to help in land related issues. As part of unveiling and laying foundation of development projects across the country ahead of the Lok Sabha polls, the PM virtually unveiled and laid foundation stone of 37 development projects worth ₹17,500 crore in MP at the 'Viksit Bharat Viksit Madhya Pradesh' which was attended by 15 lakh people across 200 locations in the state.

The projects pertained to variegated sectors, including irrigation, power, rail, road, water supply, coal, industry, among others. Addressing virtually the mega event which was attended by MP Governor Mangubhai C Patel, CM Mohan Yadav, his cabinet colleagues and state BJP chief VD Sharma at Bhopal's Lal Parade Ground, the PM said, "Currently there is just one slogan 'Abki Baar 400 Paar' all around.

This isn't BJP's slogan, but actually a slogan given by the people of the country. For the first time, the people of the country are popularizing a slogan for the return of their loved and trusted government again." "We're not contesting polls just to form our government for the third time, but to form the government the third time to make India the world's third largest economy." Reaching out to the youth and first time voters, Modi said, "I assure the youth, that the BJP government will leave no stone unturned for creating opportunities for them."

PUTIN WARNS OF GLOBAL NUCLEAR WAR IF WEST SENDS TROOPS TO UKRAINE

MOSCOW

PRESIDENT Vladimir Putin warned on Thursday of a "real" risk of nuclear war if the West escalates the conflict in Ukraine, offering a defiant and emboldened stance in his annual speech to Russians.

Speaking in Moscow, Putin said his soldiers were advancing in Ukraine and warned the West of "tragic consequences" for any country that dared to send troops to Kyiv.

"They have announced the possibility of sending Western military contingents to Ukraine... The consequences for possible interventionists will be much more tragic," he said in his address to the nation. "They should eventually realise that we also have weapons that can hit targets on their territory. Everything that the West comes up with creates the real threat of a conflict with the use of nuclear weapons, and thus the destruction of civilisation," said Putin.

His comments appeared to be a response to French President Emmanuel Macron's refusal earlier this week to rule out sending troops to Ukraine — a stance that drew swift rejection from other leaders in Europe.

Nevertheless, the debate has struck a nerve in Moscow, which has long seen its conflict with Ukraine as part of a wider "hybrid war" being waged against it by NATO.

Russian President Vladimir Putin delivers his annual state of the nation address at the Gostiny Dvor conference centre in central Moscow | AFP

Western leaders have repeatedly criticised Putin for what they see as his reckless use of nuclear rhetoric.

After pulling Russia out of arms control treaties with the United States and previously warning he was "not bluffing" when he said he was ready to use nuclear weapons, Putin had appeared in recent months to dial down his nuclear threats.

But the fresh warning comes with the Kremlin buoyed by recent gains on the battlefield in Ukraine, but also an economy that has largely defied sanctions and ahead of an election certain to extend Putin's term in the Kremlin until 2030.

Russian forces 'advancing'

The current state of affairs marks a sharp reversal in fortunes for Moscow over the last 12 months. Last year at this time, Russian troops were reeling from Ukrainian counteroffensives that pushed them back in northeastern and southern Ukraine. But after a Ukrainian campaign in the summer of 2023 failed to bring similar results, Kyiv is back on the defensive.

The initially strong Western support for Ukraine also appears to be fraying, with a $60-billion US aid package stalled in Congress.

Outgunning Ukrainian forces on the battlefield, Putin's troops seized the eastern stronghold of Avdiivka and are attempting to build on their advances.

Putin on Thursday pointed to recent successes. "The combat capacity of our armed forces has increased many times over," he said. *AFP*

'Troop deployment comments thought through'

PARIS: French President Emmanuel Macron on Thursday said that all his comments on the war between Ukraine and Russia were carefully thought out, after he sparked an uproar by not ruling out sending Western troops. Macron on Monday said "everything that is necessary" must be done to ensure Russia's defeat after its invasion of Ukraine, alarming several European allies, including Germany. "These are sufficiently serious issues; every one of the words that I say on this issue is weighed, thought through and measured," he said. Macron had said after a conference of European leaders that while there was "no consensus" on the sending of Western ground troops to Ukraine, "nothing should be excluded." *AFP*

104 dead as Israeli army fires on Gazans waiting for food

Over 700 injured in the massacre, say Palestinian health officials

GAZA STRIP

THOUSANDS of Palestinians flocked to an aid distribution point early on Thursday, desperate for food amid Gaza's looming famine, only to be met with lethal chaos including live fire by Israeli troops.

By mid-afternoon the Hamas-run health ministry said more than 100 people were reported dead in the grisly incident which underscored worsening shortages in the besieged Palestinian territory.

"There were crowds of people, but the occupation (forces) kept firing towards us," one young man told AFP while lying on the dirty, crowded floor at Kamal Adwan Hospital waiting for treatment.

He was among those wounded in the chaos. But there were conflicting reports on what exactly unfolded in the hours before dawn.

Ali Awad Ashqir, who had gone to get some flour for his starving family, had been waiting for two hours when violence erupted. "At approximately 4:00 am the trucks began to arrive. The moment they arrived, the occupation army fired artillery shells and guns," he said. "I was hit by a bullet in the left foot and taken to Al-Shifa hospital. I was later discharged because my injuries were moderate."

Hossam Abu Safiya, director at Kamal Adwan hospital, said all those killed and injured were hit by "bullets and shrapnel from occupation forces".

Ashraf al-Qudra, spokesman for Gaza's health ministry, denounced what he called a "massacre" at Gaza City's Nabulsi roundabout, saying 104 people were killed and 760 wounded.

He blamed Israeli troops, and Israeli sources confirmed to AFP that the Israeli forces at the scene did open fire, having perceived the crowds near the trucks as a "threat".

But a spokesman for Israeli Prime Minister Benjamin Netanyahu's office said many of the dead were crushed by the trucks themselves.

"Aid trucks were overwhelmed by people trying to loot and drivers ploughed into the crowd of people, ultimately killing tens of people," said the spokesman, Avi Hyman.

And an Israeli army spokesman told AFP that as the aid convoy headed "north thousands of people surrounded the trucks". "This led to a stampede in which dozens of Gazans were injured and killed, some of them run over by the trucks." At Al-Shifa Hospital in Gaza City, doctors were "unable to deal" with the flood of casualties "as a result of weak medical and human capacities", Qudra said. Thursday's incident spurred a heated exchange at the Human Rights Council in Geneva, where Palestinian ambassador Ibrahim Mohammad Khraishi confronted his Israeli counterpart about the reported casualties. *AFP*

Children sit in a destroyed car in Rafah, on the southern Gaza Strip amid ongoing battles between Israel and Palestinian militant group Hamas | AFP

- Israel killed a Hezbollah fighter in a strike on Syria, close to the Lebanese border, also hitting near Damascus on Thursday, a war monitor said, hours after similar attacks.
- The Singapore government on Thursday said Israel's military response to the October 7 Hamas attack has "gone too far" but severing diplomatic ties with the Jewish nation would not resolve the situation.
- US President Joe Biden said a ceasefire in war-torn Gaza was now unlikely to happen by Monday, adding that a shooting incident at an aid point would likely complicate negotiations.

Israeli assault on Rafah would flout ICJ order: UN

Israel's planned ground assault on Rafah would contravene the orders issued by the United Nations' top court, the UN human rights chief said on Thursday. On January 26, the International Court of Justice said Israel must "prevent the commission of all acts within the scope" of the Genocide Convention. "I fail to see how such an operation could be consistent with the binding provisional measures issued by the International Court of Justice," Volker Turk said.

Russian Prez responsible for Navalny's death: EU

STRASBOURG

The European Parliament said on Thursday Russian President Vladimir Putin bore the "criminal and political responsibility" for opposition leader Alexei Navalny's death and should be held to account.

Navalny, one of Putin's fiercest critics, died in prison on February 16 in unclear circumstances but EU leaders have blamed the Russian president. "The Russian government and Vladimir Putin personally bear criminal and political responsibility for the death of their most prominent opponent, Alexei Navalny," the parliament said in a resolution passed with 506 votes in the 705-seat assembly.

Putin "should be held accountable", it said. Only nine lawmakers voted against the resolution. The lawmakers also called for an "independent and transparent international investigation" into the circumstances of Navalny's death.

> **Putin should be held accountable for the death of Alexei Navalny. An independent and transparent international investigation should be done into the circumstances of Navalny's death**
>
> European Parliament

In addition, the parliament asked the EU's 27 members states to "intensify" support for Russian political prisoners and continue backing the democratic opposition in Russia.

Navalny's funeral will be held on Friday in a Moscow church. His widow, Yulia Navalnaya, told the European Parliament on Wednesday that she feared the event could be marred by disruption and arrests.

The opposition leader shot to prominence through his campaigning against corruption, which he said was rampant at the top of Putin's administration. *AFP*

ASIA MATTERS

THAILAND

RECREATIONAL CANNABIS USE TO BE BANNED

Thailand will ban the recreational use of marijuana by the end of 2024, but continue allowing its use for medical purposes, the Health Minister Cholnan Srikaew said. After Thailand became the first country in South-east Asia to free up medicinal use in 2018, and then recreational use in 2022, tens of thousands of cannabis shops sprung up in an industry projected to be worth up to US$1.2 billion by 2025. "Without the law to regulate cannabis it will be misused. The misuse of cannabis has a negative impact on Thai children," Dr Cholnan said, adding that In the long run, it could lead to other drugs.

MALAYSIA

NORWAY'S KING TO STAY IN MALAYSIAN HOSPITAL

Norway's King Harald V, aged 87 and in poor health, is "improving" from an infection that forced him to be hospitalised while on holiday in Malaysia, according to his office. The king will remain in hospital on the island of Langkawi and it is not yet known when he will return home, the Royal House of Norway said in a statement.

INDONESIA

DEFENCE DEAL WITH PAPUA NEW GUINEA SIGNED

Papua New Guinea has ratified a defence pact with Indonesia, nearly 14 years after the prickly neighbours first signed it, said the government. The two countries first inked the deal in 2010, agreeing to share military intelligence, give logistical support and coordinate security operations. But while Indonesia ratified the document years ago, Papua New Guinea's parliament only did so on February 14, with the government bringing it into force a week later. Papua New Guinea has had difficult relations with Indonesia since Jakarta annexed West Papua after a contested vote of tribal representatives in 1969.

Shehbaz Sharif

New Pak PM to be elected on Sunday

ISLAMABAD

SHEHBAZ Sharif is set to become Pakistan's new Prime Minister on Sunday with the National Assembly Secretariat on Thursday announcing the schedule for the election of the head of the government.

According to the schedule, candidates can submit their nomination papers by Saturday, 2 pm. The scrutiny of the papers will be completed the same day.

It said that the procedure for the election of the premier was given to the newly elected lawmakers.

The Pakistan Muslim League-Nawaz (PML-N) has nominated Shehbaz Sharif, 72, for the slot of prime minister while Omer Ayub Khan is the pick of jailed former prime minister Imran Khan's Pakistan Tehreek-e-Insaf (PTI) party.

Former prime minister Nawaz Sharif-led PML-N has received the support of the Pakistan Peoples Party (PPP) led by former foreign minister Bilawal Bhutto-Zardari to lead a coalition government after the February 8 elections resulted in a hung Parliament.

The agreement means Sharif is on course to become prime minister for a second time. Shehbaz earlier served as prime minister when the cricketer-turned-politician Imran Khan's government was ousted in April 2022. The PML-N party president served as prime minister for 16 months till August 2023 when fresh elections were announced. Both Shehbaz and Bilawal have asserted that they have enough support to form a coalition government. *PTI*

Man held in Spain for illegal military exports to Saudi Arabia

MADRID: Spanish police on Thursday said they had arrested the owner of a company that illegally exported military equipment to Saudi Arabia, some of which was used in the Yemen conflict. The firm, based in the southern port city of Malaga, exported "engines and spare parts for tanks and armoured personnel carriers" worth around $3 million, the Guardia Civil police said a statement. *AFP*

Biden and Trump all set for rival visits to Mexico border

WASHINGTON

PRESIDENT Joe Biden and his likely Republican challenger Donald Trump both head to the U.S.-Mexico border in Texas on Thursday in a sign of how central immigration has become to the 2024 election and how much both candidates want to use it to their advantage.

Each has chosen an optimal location from which to underscore his respective points.

US President Joe Biden and former President Donald Trump

Biden, who wants to spotlight how Republicans tanked a bipartisan border security deal on Trump's orders, will go to the Rio Grande Valley city of Brownsville. For nine years, this was the busiest corridor for illegal crossings, but illegal crossings there have dropped sharply in recent months.

Trump, for his part, wants to continue his attacks on Biden and keep up his dialed-up rhetoric after saying migrants were poisoning the blood of Americans. He will do so from Eagle Pass, roughly 325 miles northwest of Brownsville, in the corridor that's currently seeing the largest number of crossings. Trump is expected to speak from a state park that has become a Republican symbol of defiance against the federal government's immigration enforcement practices.

In other words, the split screen moment couldn't possibly be more split, and each candidate is asking voters to side with his approach to immigration. *Agencies*

Drones, snake robot enter wrecked Japan nuke plant

TOKYO

JAPAN on Thursday sent two mini-drones and a "snake-shaped robot" into one of three nuclear reactors at the Fukushima plant crippled by a tsunami in 2011, the facility's operator said.

The gadgets were deployed in preparation for the removal of hundreds of tonnes of highly radioactive fuel and rubble, a risky operation expected to take decades.

"We sent two drones yesterday and two drones today", in addition to the "snake-shaped robot" on Thursday, a spokesman for Tokyo Electric Power (TEPCO) said.

"Since the interior is cramped and dark, the small drones are highly manoeuvrable and have enhanced photographic capabilities", the company said. The "snake-like robot... houses wireless communications relay so that we can properly cover the radio transmission area within which the small drones will be operated", a statement said.

Fukushima nuclear power plant in Japan

> **Since the interior is cramped and dark, the small drones are highly manoeuvrable and have enhanced photographic capabilities**
>
> TEPCO spokesperson

But later in the day, the probe was curtailed due to technical glitches, local media including public broadcaster NHK said.

The snake-like robot "could not reach" its destination because its cables did not function properly, with immediate resumption nowhere in sight, the Mainichi daily said. The interior of the reactor buildings is too radioactive for people to enter, and the drones are meant to inspect the area before the removal of the fuel and rubble by robots.

TEPCO plans to carry out a trial removal of a small amount of fuel debris in October.

It had already sent an underwater robot to inspect parts of the facility still submerged, the spokesman said.

"It will take a long time to fully take off the 800 tonnes (of fuel), as the decommissioning period is thought to be 30 to 40 years," he said.

Separately, TEPCO on Wednesday began releasing a fourth batch of treated wastewater from the Fukushima plant into the ocean.

The process has been given the green light by the UN nuclear watchdog. *AFP*

Zuckerberg, S Korea prez talk AI cooperation

SEOUL

META chief Mark Zuckerberg met South Korea's President Yoon Suk Yeol in Seoul on Thursday and discussed cooperation on AI and ways to prevent fake news circulation ahead of key elections, Yoon's office said.

Zuckerberg is on a mini-tour of Asia that has included a stop in Japan, plus a three-day visit to Seoul where he met business leaders from electronics giants Samsung and LG. He heads to India next.

Yoon and Zuckerberg discussed cooperation between South Korean companies and Meta "as well as the vision to create an AI digital ecosystem", Sung Tae-yoon, Yoon's chief of staff for policy, told reporters. "Yoon emphasised South Korean companies' top place in the memory market for AI systems and asked Zuckerberg to forge close cooperations with them," the official said.

Yoon stressed that South Korea "with its diverse portfolio of smart electronics, wearable devices and smart cars, can become an outstanding platform" to apply Facebook parent Meta's artificial intelligence, Sung said.

Yoon told the Meta founder that Seoul would assist in any way "if necessary", Sung added. *AFP*

Govt approval for ₹75K crore rooftop solar subsidy plan

EXPRESS NEWS SERVICE @ New Delhi

THE government on Thursday approved the PM-Surya Ghar: Muft Bijli Yojana to promote rooftop solar power and providing electricity relief to 1 crore households.

The scheme, with a total outlay of ₹75,021 crore, offers major financial assistance, easy loan options, and other benefits to encourage widespread adoption of rooftop solar panels.

Announced by Prime Minister Narendra Modi on February 13, 2024, the scheme promises to deliver up to 300 units of free electricity each month to a crore homes. The scheme provides subsidies to incentivise rooftop solar installation. For systems with a capacity of 2 kW, a 60% subsidy of the system cost is offered. For systems between 2 and 3 kW, a 40% subsidy is provided on the additional cost above 2 kW.

The maximum subsidy amount is capped at 3 kW, translating to ₹30,000 for 1 kW, ₹60,000 for 2 kW, and ₹78,000 for 3 kW or higher systems (based on current benchmark prices).

To facilitate installation, households can access collateral-free loans with low-interest rates (about 7%) for systems up to 3 kW. To foster solar adoption in rural areas, the programme will develop a "Model Solar Village" in each district, serving as a benchmark for others.

A 3 kW system, on average, can generate over 300 units of electricity a month, exceeding the scheme's free limit. Increased solar capacity and environmental benefits: The scheme is projected to add 30 GW of solar capacity via rooftop installations in residential sector, generating 1,000 billion units (BU) of clean electricity.

Govt announces second tranche of critical mineral auction worth ₹30L crore

EXPRESS NEWS SERVICE @ New Delhi

THE government on Thursday announced the launch of the second part of its critical minerals auction worth an estimated ₹30 lakh crore (about $362 billion), the country's mines minister Pralhad Joshi said on Thursday.

A total of 18 blocks of critical and strategic minerals, including graphite, tungsten, vanadium, cobalt and nickel, among others, will be auctioned across eight states across the country.

These mineral blocks are spread across eight States, namely Andhra Pradesh, Arunachal Pradesh, Chhattisgarh, Karnataka, Madhya Pradesh, Maharashtra, Rajasthan, and Tamil Nadu.

Meanwhile, the Union Cabinet, chaired by Prime Minister Narendra Modi, approved amendments to the Mines and Minerals (Development and Regulation) Act, 1957 (MMDR Act). This action streamlines the mining process for 12 crucial minerals, paving the way for their first-ever auction in the country.

The amendment specifies royalty rates for Beryllium, Cadmium, Cobalt, Gallium, Indium, Rhenium, Selenium, Tantalum, Tellurium, Titanium, Tungsten, and Vanadium. This completes the rationalization of royalty rates for all 24 critical and strategic minerals identified by the government. Previously, rates were established for 11 minerals in 2022 and 2023.

3 SEMICONDUCTOR PROJECTS RECEIVE GOVT APPROVAL

All three semiconductor units will start within next 100 days, says Ashwini Vaishnaw

RAKESH KUMAR @ New Delhi

IN a major breakthrough for the country's semiconductor industry, the government on Thursday approved the application for three projects. Tata Electronic Private Limited, a subsidiary of the Tata Group, received approval for fab manufacturing.

The first fab proposal, accepted by the government, will be set up in partnership with Powerchip Semiconductor Manufacturing Corp (PSMC) of Taiwan. The government also approved setting up two assembly, testing, marking, and packaging (ATMP) units – one in Assam and the other in Gujarat's Dholera. So far, India's semiconductor industry has received investment of ₹1.26 lakh crore for projects including that of US semiconductor major Micron technology for packaging unit in Gujarat. The Minister of Electronics and Information Technology, Ashwini Vaishnaw, said construction for all three semiconductor units will start within next 100 days.

"It is a remarkable achievement. It is a giant leap. Now, we are targeting to become a major player in the semiconductor value chain by 2029... PM Modi actually wants us to work on a 20 year vision for semiconductors," said Vaishnaw.

The fab will be constructed in Dholera, Gujarat, and will produce 50,000 wafer starts per month (WSPM). The total investment the company will make for it is ₹91,000 crore. The minister said the fab will mostly produce 28 nanometre (nm) chips, apart from 50 nm, 55 nm and 90 nm ones, and have 16,000 suppliers. PSMC is renowned for its expertise in the logic and memory foundry segments. PSMC operates six semiconductor foundries in Taiwan," said the minister.

Tata Group will establish a semiconductor packaging unit in Morigaon, Assam, with an investment of ₹27,000 crore. The unit will focus on developing indigenous advanced semiconductor packaging technologies, including flip chip and ISIP (Integrated System in Package) technologies. It will have a daily production capacity of 48 million chips.

As per estimates, the Centre and state government of Gujarat will cumulatively bear 70% of cost of the project in the form of subsidies. Another major project worth ₹76,000 crore is underway in Sanand, Gujarat. CG Power, Renesas Electronics Corporation (Japan), and Stars Microelectronics (Thailand) will collaborate to establish a separate unit there. The government said Renesas is a leading global player in microcontrollers, analog, power, and System on Chip (SoC) products. Renesas operates 12 semiconductor facilities worldwide and focuses on specialized chips. "India has now in just two years received 26 billion dollars of investments that are all either approved or under active consideration," said MoS Rajeev Chandrasekhar.

'Entry in chip will de-risk global supply chains'

ENS ECONOMIC BUREAU @ New Delhi

INDIA'S entry into the semiconductor manufacturing will significantly de-risk global supply chains and will make the country a very important player in globally, said N Chandrasekaran, Chairman, Tata Sons.

Chandrasekaran further said the company has tradition to pioneer many sectors in the country, and it is confident to continue with semiconductor industry too. "Tata Group has a tradition of pioneering many sectors in the country, and we are confident that our entry in semiconductor fabrication will add to this legacy," said Chandrasekharan.

The company said the fab construction will begin this year with a total investment of up to ₹91,000 crore (~US$11bn) and will generate over 20,000 direct and indirect skilled jobs in the region.

This Fab unit will have a manufacturing capacity of up to 50,000 wafers a month and will include next-generation factory automation capabilities deploying data analytics and machine learning to achieve industry-best factory efficiency. The new semiconductor Fab will manufacture chips for applications such as power management IC, display drivers, microcontrollers (MCU) and high-performance computing logic. Randhir Thakur, CEO & MD, Tata Electronics, said the company's partnership with PSMC provides access to a broad technology portfolio in leading edge and mature nodes including 28nm, 40nm, 55nm, 90nm & 110nm and also collaboration for high volume manufacturing.

Fiscal deficit widens to 63.6% of budgetary target till Jan in FY24

MONIKA YADAV @ New Delhi

INDIA'S fiscal deficit has expanded to 63.6% of the budgetary target for the current financial year until January.

The increase is attributed to slower capital expenditure and a more comfortable revenue expenditure scenario compared to the same period in the previous financial year.

The fiscal deficit has reached ₹11.02 lakh crore out of the total limit of ₹17.34 lakh crore. The target was revised to 5.8% of the GDP from the initial 5.9% estimate in the 2023 budget. In January alone, the fiscal deficit rose by ₹1.2 lakh crore, following the typical pattern of a quarterly increase. The pace of capital expenditure slowed in the first month of the fourth quarter, with capex amounting to ₹47,557 crore in January, down from ₹87,985 crore in December.

The total capex for the fiscal year is at ₹7.21 lakh crore, representing 75.9% of the revised capex target of ₹9.49 lakh crore, slightly lower than the corresponding period last year.

"The Government of India's fiscal deficit stood at ₹11.0 trillion or 64% of the FY2024 RE in April-January FY2024, lower than the 111.9 trillion recorded in April-January FY2023. While net tax revenues rose by 11%, non-tax revenues expanded by 46% boosted by the RBI dividend, amidst a tepid 1.4% growth in revenue expenditure, and a strong 26.5% YoY expansion in capex,"said Aditi Nayar, Chief Economist, Head Research and Outreach, ICRA Ltd.

"While there may be some slippage in the disinvestment target and capex may trail the FY2024 RE, ICRA does not expect the revised fiscal deficit target of ₹17.3 trillion for FY2024 to be breached," she further added.

Core sector growth falls to 3.6%

The growth of eight key infrastructure sectors hit a 15-month low at 3.6% in January, primarily due to declines in fertilizer and refinery production, compounded by the base effects of 2023 when these sectors had grown by 9.7% in the same month. The Commerce and Industry Ministry also revised the growth rate for December 2023 to 4.9% from the previous estimate of 3.8%. Overall, the growth rate for these sectors dipped to 7.7% cumulatively, down from 8.3% in April-January 2022-23. The Index of Core Industries (ICI) contributes over 40% to the Index of Industrial Production (IIP). Despite this slowdown, output rose for the second consecutive month, reaching a ten-month high in absolute terms. Refinery products fell 4.3% in January, marking their first contraction in nine months, while electricity generation rebounded from a 1.2% increase in December to a 5.2% rise in January. Coal output growth decelerated to 10.2%, still maintaining a seventh consecutive month of double-digit growth. *ENS*

Tax devolution of ₹1.42L cr to states

NEW DELHI: The Centre has released an additional instalment of tax devolution of ₹1,42,122 crore to state governments. This instalment is aimed at strengthening the hands of state governments for financing social welfare measures and infrastructure development schemes, finance ministry said in a statement on Thursday. This is in addition to the tax devolution of ₹72,961 crore already released on February 12, 2024. With Thursday's release, states have received three instalments of tax devolution in February 2024. *ENS*

Semiconductor R&D facility in Bengaluru

BENGALURU: Samsung Semiconductor India Research (SSIR) on Thursday announced the opening of its new R&D facility in Bengaluru. This is the company's second office in Bengaluru, with a capacity to accommodate close to 1,600 employees. The new campus has over 60 meeting rooms. "New facility in Bengaluru embodies our commitment to expanding our footprint in India. This new hub reinforces SSIR's standing as a crucial player in global innovation ecosystem", said Balajee Sowrirajan, EVP & MD at Samsung Semiconductor India. *ENS*

₹30L fine on AI for unavailability of wheelchair

ENS ECONOMIC BUREAU @ New Delhi

THE Directorate General of Civil Aviation (DGCA) on Thursday imposed a fine of ₹30 lakh on Tata Group airline Air India for denying wheelchair to an 80-year-old passenger, and he collapsed and later died after walking from plane to terminal at the Mumbai airport.

The incident took place on February 12. A senior official at DGCA on Thursday said a ₹30 lakh penalty has been imposed on Air India as it failed to provide wheelchair to the elderly.

"Air India didn't inform about any action taken by the airline against the erring employee(s) and the airline also failed to submit corrective actions taken to prevent the recurrence of such incidents in the future," the official said. Earlier this month, DGCA issued a show cause notice to the carrier. The airline submitted its response on February 20 that the elderly passenger wished to walk alongside his wife who was on a wheelchair too, rather than wait for another wheelchair.

"An advisory has been issued to all airlines to ensure that an adequate number of wheelchairs are available for passengers who require assistance during embarking," the DGCA official said.

Slow consumption growth, fading price increases pull down FMCG stocks

ARSHAD KHAN @ New Delhi

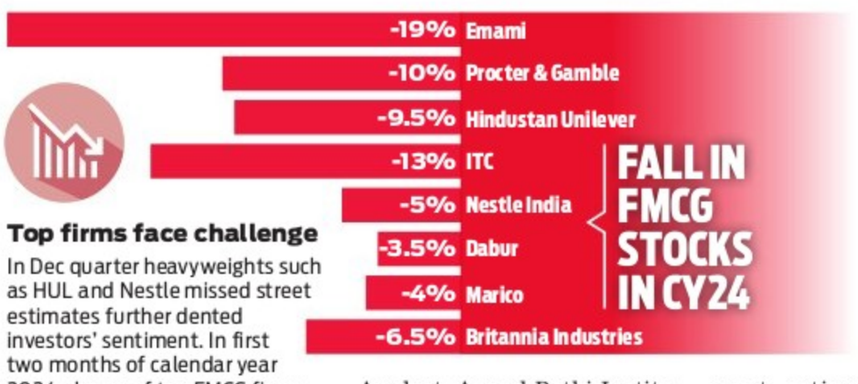
SLOW growth in consumption and the inability of large companies to go for price hikes amid fierce competition from small/regional players is weighing down heavily on fast-moving consumer goods (FMCG) stocks.

A dismal earning show in December quarter where heavyweights such as HUL and Nestle missed street estimates further dented investors' sentiment. In the first two months of calendar year 2024, shares of top FMCG firms have fallen 4-19% while the sectoral index – Nifty FMCG – is down by about 6%. In comparison, share market benchmarks -- NSE Nifty50 and BSE Sensex -- have registered a small gain during this period.

"Our analyses of 11 FMCG companies (excluding ITC) showed Q3 revenue growth was just 2.1%, falling sharply from 6% in the first half and 13% in FY23. There has been a rise in competitive intensity, with small players getting aggressive. New launches and festival spending have led to a rise in advertising and promotional spending by 24% in Q4CY23 (after rising 30% YoY in prior two quarters). The above factors - a) weaker revenue growth b) rising competitive intensity have driven weakness in FMCG stocks in CY24 so far," said Ajay Thakur, Research Analyst, Anand Rathi Institutional Equities.

As inflation has cooled down in last few quarters, there has been a resurgence of small/regional players in the FMCG segment, eating leaders' share across categories such as soaps, detergents, hair oil, tea, and biscuits. Several listed FMCG firms like HUL, Godrej Consumer, Marico, Britannia and Tata Consumer recently highlighted competition they are facing from small players. Large FMCG firms are forced to go for price revision and spend heavily on marketing.

"The weakness in revenue growth of large FMCG players is driven by price increase fading (down to flat vs 9-10% pricing in Q1CY23). Urban volume growth has moderated a bit but rural volume growth has improved," said Thakur. He added that the FMCG sector is likely to deliver returns in line with its earnings growth and a 10-15% return is expected is CY24 as FMCG company performance is expected to improve in coming quarters.



Top firms face challenge

In Dec quarter heavyweights such as HUL and Nestle missed street estimates further dented investors' sentiment. In first two months of calendar year 2024, shares of top FMCG firms have fallen 4-19% while the sectoral index – Nifty FMCG – is down by about 6%. Credit growth to industry moderates to 7.8% in January

ENS ECONOMIC BUREAU @ New Delhi

CREDIT growth to industry moderated to 7.8% year-on-year in January 2024 compared to 8.1% in December 2023 and 8.7% in the same month last year, the Reserve Bank of India (RBI) said in a statement.

Among major industries, growth in credit (YoY) to 'food processing' (7.9%) and 'textiles' (9.5%) accelerated in January 2024 as compared with the corresponding month of the previous year, while that to 'basic metal & metal products' (9.6%) and 'chemicals & chemical products' (8.4%) decelerated.

Credit to services sector grew by 20.7% (YoY) in January 2024 (21.4% a year ago) compared with 19.6% in December. Among major contributors, growth in credit (y-o-y) to 'trade' improved while that to 'non-banking financial companies (NBFCs)' decelerated in January 2024 compared to January 2023.

Early-stage start-ups witness uptick in fundraising

UMA KANNAN @ Bengaluru

DESPITE funding winter, early-stage start-ups have been witnessing an uptick in fundraising, as in February alone, they managed to raise $274.2 million in 34 funding rounds compared to $242.6 million raised in the same month last year.

According to data sourced from Tracxn, early-stage start-ups raised $260.4 million in January in 26 rounds. However, this is less compared to $379.8 million it raised in the same month last year.

On Thursday, SaaS start-up Nurturev raised $1 million in pre-seed funding led by Antler India. On February 27, Reo.Dev, a marketing stack for developer focused companies, raised $1.2 million in pre-seed funding, with India Quotient leading the investment round.

Anand Lunia, General Partner at India Quotient, said that developers are driving the next trillion dollar infra and AI wave. Last week, AutoVRse, an AR/VR tech start-up, secured $2 million in its funding round led by Lumikai. Somdutta Singh, Serial Entrepreneur, Founder and CEO, Assiduus Global Inc and LP Angel Investor, said, there is a growing trend of early-stage startups actively seeking funding, and this is exciting, as it reflects both the increased confidence of founders and the growing appetite of investors to support ventures at an earlier stage.

Investors are approaching these investments with a cautious optimism, recognising the higher risk profile of early-stage ventures. "When we invest, we typically look for strong founding teams with a clear vision, a demonstrably differentiated product or service, and a solid plan for market validation and future growth," Somdutta added.

Bumrah back for final Test vs Eng

Jasprit Bumrah, rested for the fourth Test, is back in the squad for the last Test at Dharamsala. Meanwhile, middle-order batter KL Rahul who was ruled out of the Ranchi Test misses last game as well. Among other updates, pacer Mohammed Shami, who recently underwent surgery on his right heel, is expected to report at the National Cricket Academy for rehabilitation process soon. **ENS**

Prasad bats for BCCI on domestic affair

Former selection panel chairman welcomes board's move; points out the differences between the different grades

GOMESH S @ New Delhi

EVEN as reactions for the BCCI's latest central contract list continue to come from various quarters, former senior men's selection committee chairman, MSK Prasad, is pleased with the board's decision to emphasise contracted players taking part in domestic cricket.

"I think BCCI has nailed it," he told this daily. "By doing that, they have given a strong statement that domestic cricket is important and no one is above the game."

On Thursday, when the BCCI announced their central contract list, the biggest talking point were the omissions of Shreyas Iyer and Ishan Kishan. Shreyas had featured throughout the ODI World Cup, scoring 530 runs in 11 games apart from featuring in four Tests.

Ishan, so far, has featured in two ODIs and three T20Is in the period (October 1st to September 30th). Had the BCCI left out their names, there was a possibility of assuming that they would come under Grade C on pro rata basis as Shreyas had already fulfilled one of clauses (qualifying for that by playing a minimum of three Tests, eight ODIs or 10 T20Is in the specified period). In the same time, Kishan has worn the India Blue in two ODIs and three T20Is. However, the BCCI made it abundantly clear by mentioning that the two players are not being considered for contracts in this cycle. Shreyas, who had complained some back pain after Visakhapatnam Test, was left out of the rest of the series after a prolonged string of low scores. While the NCA reportedly declared him fit, the Mumbai player did not take part in the last two Ranji Trophy games. Meanwhile, Kishan had not played any games for Jharkhand since taking a break for personal reasons in December. Recently, he was training in Baroda with Hardik Pandya, Mumbai Indians' captain.

Currently, both are taking part in the DY Patil T20 tournament — a corporate non-BCCI event. "We are talking about Shreyas and Ishan, till recently they were the part of the Test squad. What is wrong in BCCI asking them to go and play domestic cricket? Have you given retirement from Tests? No. You still want to play Test cricket," Prasad elaborated on the non-inclusion of the two cricketers.

"See, in England, someone not playing in the XI will be released. They used to release the players for the respective counties to go and play for them. Now, when board is asking to play domestic cricket, why should you not play? You want to be in Test squad, but you don't want to play domestic cricket? Then what is the signal you are sending to domestic cricket and cricketers?"

CONTRACTS SYSTEM ELSEWHERE (SELECTED TEAMS)

ENGLAND: Scrapped red and white ball contracts in 2021. Have now started offering multi-year deals. Allows players to commit to one, two or three-year deals.

AUSTRALIA: Importance of their place in all three formats is combined which gives them a weighted average. They are then handed one-year deals depending on their average.

PAKISTAN: Like India, they follow a graded system. But unlike the BCCI, players are given three-year deals.

SOUTH AFRICA: Board have made noises about offering single-format contracts but it hasn't been put in place yet. Yearly contracts.

NEW ZEALAND: Yearly contracts.

The BCCI central contracts are categorised as A+, A, B and C. When asked if there should be specific contracts for white-ball and red-ball formats, Prasad explained the rationale in the current system. "They are not clubbed. If they are playing only one format like T20, the player will be fit into category C," the former India wicket-keeper said. "Or if he is coming under top ten ranks in the world in that particular format, he will get promoted. If a player is playing Test cricket and, say, he plays 'n' number of Test matches, like (Cheteshwar) Pujara, he was given A category in the past. R Ashwin now is in A category. We are very clear on that, the system is already there."

While Shreyas and Kishan are not included, Pandya India's white-ball vice-captain until he got injured in the middle of the World Cup, but hasn't played any BCCI domestic or international cricket since, remains in A category. Prasad said how many matches a player plays and their performances will also be taken into consideration in order to preserve the match-winners. "Jasprit Bumrah is an all-format bowler, Mohammed Shami is an all-format bowler, obviously they will find top categories. They are all seasoned performers, you need to carefully safeguard them. Like, between 2015-2024 how Mitchell Starc was safeguarded by Cricket Australia. In many matches, he was leaking runs, but they stuck with him because whenever it mattered, he proved and performed in the finals. So you have to preserve your players like Bumrah or Shami or Virat (Kohli) or Rohit (Sharma). They are the trump cards, they need to be preserved," the 48-year-old added.

Fast-bowling contracts

Additionally, Prasad welcomed the selection committee move to recommend fast bowling contracts to Akash Deep, Vijaykumar Vyshak, Umran Malik, Yash Dayal and Vidwath Kaverappa. "The selectors would have felt that these are the guys who might play for the country. Akash has already played. So what happens is once they get contracts, they will be centrally monitored by National Cricket Academy. The amount of workload, the effort they are putting will be monitored. Imagine, if someone is bowing 50 overs in the Ranji game, at some point the NCA will try to speak to physio or coach or whoever is there about properly looking after the bowlers or how much of rest should be given between games. That is the reason these contracts would have come in," said Prasad.

Wrestling trials 'challenged' in HC

EXPRESS NEWS SERVICE @ Chennai

A FEW days after the Wrestling Federation of India (WFI) announced dates of selection trials for the Asian Championships and Asian Olympic Games Qualifier, protesting wrestlers apparently have moved the Delhi High Court challenging the announcement. The wrestlers — Bajrang Punia, Vinesh Phogat, Sakshi Malik and her husband Satyawart Kadian — also sought direction against the WFI's move terming it illegal.

The Sanjay Kumar Singh-led WFI announced that the trials will be held at the IG Stadium in New Delhi on March 10 and 11. Buoyed by the decision of the world body, United World Wrestling (UWW), to lift its suspension, the WFI said that the opening day of the trials will see competitions in 17 Olympic weight categories (except 53kg in women's wrestling wherein Antim Panghal has already earned an Olympic quota for the country) while the second and last day will witness competitions in the remaining weight categories.

It is learnt that trials in 53kg will be held on the last day and the winner of the same will represent the country in the Asian Championships. While the winners of the Olympic weight categories will compete in the Asian Olympic Games Qualifier, they along with winners in non-Olympic weight categories will represent the country in the continental championships. The continental event is scheduled in Bishkek, Kyrgyzstan from April 11 to 16 while the Olympic Qualifier is in the same city from April 19 to 21.

"We have learnt that the protesting wrestlers have moved the Delhi High Court in their attempt to get a stay on the trials. The WFI sent special invitations to these wrestlers as the federation wants the wrestling activities to resume in the country. But they didn't respond to our invitations. Instead, they preferred to file a petition in court. As the WFI is being recognised by the UWW, we are confident that only the federation can send entries for international events being held by the world body," a WFI source told this daily.

Meanwhile, Bajrang, who is training in Russia, didn't respond to a query sent to him in this regard but told a news agency that he won't compete in the trials if they are conducted by the Sanjay Singh-led WFI. "I would not spend ₹30 lakh on my training if I were to not compete in the trials, but how the suspended WFI is conducting the trials? I don't get what the government's compulsion is (on allowing WFI to conduct trials)?" Bajrang told the news agency. "I don't understand how a sports body suspended by the Indian government issues a circular and announces the trials. Why is the government silent? We will appear in the trials only if the ad-hoc panel or the government conducts it. How can a suspended body announce the trials?" he asked.

The Tokyo Olympic bronze medallist also said that the decision to skip the trials was jointly taken by him, Vinesh and Sakshi.

Conversations with friends: How Harris helped unlock Navgire

KALYANI MANGALE @ Chennai

IN the first-ever game for the UP Warriorz in the Women's Premier League last season, the cricketing world witnessed something special. While chasing 170 for the win and losing a few early wickets, Kiran Navgire kept them in the contest with a half-century. And just as it looked like UP were back in the game, Navgire fell. Then with 82 runs needed in 42 balls, DY Patil Stadium witnessed the 'Grace Harris Storm' as the Australian turned the tide with an unbeaten 59 runs off just 26 balls to take UP home when everyone had counted them out.

"I was gobsmacked that day," Navgire still has goosebumps remembering that day. "When we came back to the hotel from that game, I asked her if I could have 15 minutes of her time. I wanted to know what was going through her head when she was batting and how on earth she managed that chase. We spoke a lot that day. She told me how she did it. How did she read those conditions to make her game work? How she planned it. She told me that if there is a good ball, you have to respect it and take a single. If you are at the crease you should aim to finish the match with a calm head. If I hadn't talked with her that day, maybe I would have never learned it. It became part of my thinking process," Navgire got candid speaking about the conversation.

"One cannot hit six every ball, but we can at least take a single, right? I knew all of this before, I re-learned it all through experience once again," she added.

Kiran Navgire of UP Warriorz hit 31-ball 57 against Mumbai Indians | VINOD KUMAR T

THURSDAY'S RESULT

Brief scores: Delhi Capitals 194/5 in 20 ovs (Shafali 50, Capsey 46, Jonassen 36 n.o; Devine 2/23) **bt** Royal Challenges Bangalore 169/9 in 20 ovs (Mandhana 74, Meghana 36, Jonassen 3/21).

The Maharashtra batter worked on everything she learned in the first season to truly make it part of her routine in the off-season and her coach witnessed these changes up and close. "Before the season, most of her practice included the ones with match scenarios," Gulzar Shaikh, Navgire's long-time coach, told this daily. So when the opportunity walked in to set a foundation for UP against the defending champions, Mumbai Indians, Navgire took it with both hands. to score a half century.

Harris was probably the happiest person at the M Chinnaswamy Stadium on Wednesday. "That's the best I've seen Kiran hit," she told broadcasters. After all, she has witnessed the game transformation up and close. "Kiran is a very talented player," Harris told this daily.

"I just tried to simplify her game to get the best out of her skill set," one can sense why Navgire rated the conversations with Harris so high. "Sometimes players miss and they might lean into thinking 'I am a bad player.' But you are not a bad player, you just played a bad shot. There is a difference."

With positive affirmations like that Navgire helped UP win their by seven wickets.

First-innings lead vital: Pradosh ahead of Ranji SF

ASHOK VENUGOPAL @ Chennai

TAMIL NADU after a long time have made it to the semifinals of the Ranji Trophy where they will take on Mumbai in their backyard at Bandra Kurla Complex on Saturday. In a knock-out game and in particular the semifinals it is imperative for teams to take a lead. A first-innings lead has always helped a lot of teams to reach the final of the most prized trophy in the country.

Here the middle order of any side plays a crucial role. If one looks at Tamil Nadu, B Indrajith, Pradosh Ranjan Paul and Vijay Shankar have played a vital role so far to help them reach the semifinals. The availability of Washington Sundar has only bolstered their middle order.

''We are in good space of mind. We are preparing in earnest and confident of a good show against Mumbai. We will definitely carry forward the momentum of our win against Saurashtra in the quarterfinal,'' said Tamil Nadu middle order batter Pradosh Ranjan Paul.

Apart from a strong middle order, Tamil Nadu have batting depth as well with bowlers also chipping in with important runs. ''We are aware that in a knock-out game in particular the semis, the first innings lead is vital for a win. We will play to our strengths and try and ensure that we get a good lead. We are in a relaxed state of mind, we just wish to continue the good work that we have done,'' added Pradosh.

Pradosh will have a vital role to play in the middle order. Once set this southpaw can get a big hundred. He has the technique and skill to play a marathon innings. ''Absolutely (I am) under no pressure. Just want to go out there and express myself. I will play my natural game to the merit of the ball and try to be as useful as possible for the side. I never look at the scoreboard. I am keen to play as many balls as possible and do not count the runs.''

So far Indrajith, Vijay Shankar and Pradosh have been involved in big and vital stands. On Saturday Tamil Nadu will look at the trio and Washington to forge big partnerships. ''Yes, we need to have a couple of century stands going which is very important. Whoever is in the zone at that point in time must capitalise on it. I am comfortable playing with anyone as I have a good understanding with all of them. We know how to complement each other and also have the ability to increase the tempo as per the situation demands like we did against Karnataka,'' said Pradosh.

Mumbai have some experienced seamers and spinners in its ranks. Shreyas Iyer too will be keen to prove a point especially after after losing the BCCI central contract. ''We are not bothered (Shreyas Iyer's eagerness to prove a point). All we would like to play is fearless cricket that we have been doing so far,'' signed off Pradosh.

Pragg commits blunder, loses 2nd-round match

PRAGUE: Indian Grandmaster R Praggnanandhaa committed a time-pressure blunder as he suffered defeat at the hands of Parham Maghsoodloo of Iran in the second round of Prague Masters Chess tournament here. The defeat ended Praggnanandhaa's impressive 47-game unbeaten streak in Classical Chess. The 18-year-old Praggnanandhaa also lost the top ranking in live ratings among Indians — a spot reclaimed by the legendary Viswanathan Anand who is also the brand ambassador of this event.

Manipur enter Santosh Trophy quarterfinals

YUPIA (ARUNACHAL PRADESH): Manipur booked the quarterfinals spot in the National Football Championships for the Santosh Trophy with a 4-1 win against Mizoram here on Thursday. Philam Sanathoi Meetei (35th, 90th minutes), Leimajam Sangkar Singh (8th) and substitute Pebam Renedy Singh (56th) scored for Manipur while Malsawmzuala Tlangte (84th) pulled one back for Mizoram. Manipur, thus, remained at the top of Group B with 10 points.

FA CUP

United versus Liverpool in quarterfinals

AGENCIES @ London

MANCHESTER United will host Liverpool in an FA Cup quarterfinal blockbuster after the bitter rivals took contrasting routes to their fifth round victories on Wednesday.

United eased the pressure on beleaguered boss Erik ten Hag as they scraped through with a 1-0 win at Nottingham Forest thanks to Casemiro's late goal.

Fresh from their League Cup final triumph against Chelsea on Sunday, Liverpool relied on their youngsters again in a 3-0 win against second tier Southampton at Anfield.

Chelsea bounced back from their painful 1-0 defeat to Liverpool at Wembley, snatching a 3-2 win against Championship promotion chasers Leeds to book a last eight date with Leicester.

After Liverpool's ball boys paraded the League Cup around Anfield prior to kick-off, Jurgen Klopp's kids gave another glimpse into a bright future as two of their young guns inspired the win.

Wednesday's 5th-round results: Chelsea 3-2 Leeds; Nottingham Forest 0-1 Manchester United; Wolves 1-0 Brighton; Liverpool 3-0 Southampton.

League leaders Odisha recover from early setback to down East Bengal

AGENCIES @ Bhubaneswar

ODISHA FC built distance at the top of the table with a 2-1 comeback victory against East Bengal FC at the Kalinga Stadium in Bhubaneswar in the Indian Super League (ISL) on Thursday

The Juggernauts were tied on points with second-placed Mumbai City FC ahead of this match. However, they are now at 35 points from 17 games and keep hold of their first spot in the standings after two successive draws against FC Goa and Mohun Bagan Super Giant in the build-up to this match.

The sailing wasn't smooth for the home side though, with East Bengal FC winger Vishnu Puthiya making heads turn by notching the fastest goal by any player in the current season to break the deadlock in the 33rd second of the match.

Right after the kick-off, Vishnu went dazzling down the right flank, picking the ball on the edge of the box, cutting into the middle, beating Jerry Lalrinzuala and outmanoeuvreing Carlos Delgado before launching an instinctive shot beyond Odisha goalkeeper Amrinder Singh to put his side ahead early on in the contest. East Bengal had a fantastic chance to sustain the pressure secured through this early lead. However, their influence in the proceedings began waning as Odisha recovered from the early setback by playing to their strengths, with the striking duo of Roy Krishna and Diego Mauricio sustaining pressure up front and capitalising on their prowess from set pieces.

Action from the match between Odisha FC & East Bengal | SHAMIM QURESHY

Mauricio had a shot from outside of the box swirling over the post in the 14th minute. Later, his tricky footwork helped him earn a spot-kick as fullback Mohammad Rakip challenged to recover possession in the 38th minute. Mauricio drilled the ball powerfully at the top right corner to find the equaliser, bagging his seventh goal of the campaign. That momentum carried on for the Juggernauts in the second essay of the game, and it was Ahmed Jahouh who swung into the thick of things. He equalled his teammate Krishna to become the player to assist the second-most number of goals (24) after Hugo Boumous (32) in the history of the competition.

All of this came courtesy of a corner kick in the 61st minute, with Ahmed's delivery landing in the path of former Goa star Princeton Rebello, who found the back of the net.

KNOW TRAI'S RECOMMENDATION FOR CALLER ID FEATURES

RAKESH KUMAR @ New Delhi

The Telecom Regulatory Authority of India (TRAI) recently released its recommendations on the introduction of Calling Name Presentation (CNAP) service, or in simple terms a caller ID feature. After its approval from the Department of Telecommunications, people will be able to see the names of callers on their mobile phones. The name CNAP will display is the same name provided in the customer application form. So, the big question is how will it be different from Truecaller or any other caller ID features. The government says it will display the real name (the name the customer provided to telecom service providers for obtaining the number).

Major recommendations

The first thing TRAI stated in its recommendation is that CNAP is not a must-have feature but supplementary. One can only access this feature after making a request to their respective telecom service providers. All service providers must provide the CNAP service to their subscribers upon request. Subscriber entities holding bulk connections and business connections should be provided with the facility to present their 'preferred name' instead of the name appearing in the customer application form. The name identity information provided by telephone subscribers in the application form should be utilised for CNAP purposes. After acceptance of the recommendations, the government should issue appropriate instructions to ensure the CNAP feature is made available in all devices sold in India after a suitable cut-off date.

XPLAINER

Why do we need these features?

In response to the query regarding the necessity of introducing Calling Name Presentation (CNAP) supplementary service in Indian telecommunication networks, stakeholders have provided varied perspectives. They said it would facilitate the tracing of problematic calls, discourage obscene callers, and minimize incidents of impersonation or fraudulent activities. Moreover, it will also combat online frauds thereby safeguarding consumers' financial information. It would also benefit legitimate businesses and genuine callers by increasing call answer rates, thereby potentially boosting conversion rates, increasing profits, and reducing costs. However, some stakeholders propose an opt-in, consent-based framework for CNAP implementation, ensuring that consumers who do not wish to share their names can opt out of receiving CNAP supplementary service.

Does it have privacy concern?

Many stakeholders express concerns that CNAP could potentially infringe upon individuals' privacy rights, warranting caution before its introduction. Some stakeholders argue that CNAP could violate individuals' privacy rights by revealing the caller's name to the receiver without the caller's consent. They suggest that comprehensive privacy laws should be established in India before considering the implementation of CNAP. A few stakeholders mention that third-party apps like Truecaller effectively address customer concerns by providing information on callers, including whether they are spammers. Therefore, stakeholders question the additional benefits of implementing CNAP, which could increase regulatory burden and costs for telecom service providers. Instead, they advocate for improvements in anti-spam regulation.

Technical challenges

The stakeholders have highlighted technical challenges associated with CNAP. They stated that CNAP is primarily an LTE feature, and there are no established standards for its implementation over 2G and 3G networks. Legacy network nodes supporting 2G/3G are nearing end-of-life. Replacing these nodes would entail significant costs, estimated to be around ₹100 crore.

INDIAN RESEARCHERS' AI MODEL

GARBHINI-GA2 COULD REDUCE BIRTH RISK

EXPRESS NEWS SERVICE @ Chennai

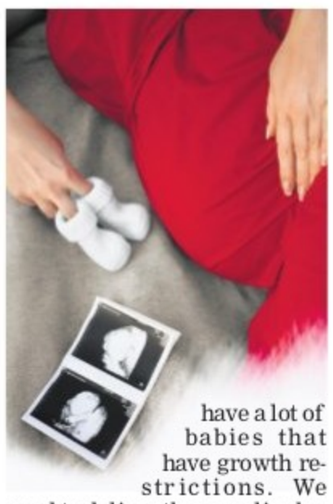
INDIAN researchers have developed an artificial intelligence (AI)-based model to accurately predict the duration of pregnancy or gestational period of a foetus in the second and third trimester. This model, GARBH-Ini, could reduce errors by as much as three times compared to other existing models programmed in ultrasound devices.

Accurate pregnancy dating is essential for effective antenatal care. However, finding the age of the foetus can be challenging, especially when mothers reach the hospital after the first 12 weeks. But GARBH-Ini, which is based on genetic algorithms, can work wonders on this front, says a new Lancet study.

Backed by the Union government's Department of Biotechnology, the GARBH-Ini program (Interdisciplinary Group for Advanced Research on BirtH Outcomes DBT India Initiative) is focused on research on birth outcomes, jointly conducted by IIT Madras and Translational Health Science and Technology Institute, Faridabad.

The researchers used genetic algorithm-based methods to develop the Garbhini-GA2 model, which could estimate the pregnancy dates of Indian women in the second and third trimester much better than currently available models.

The model is trained on sample data from a cohort from Gurugram Civil Hospital in Haryana and Safdarjung Hospital, Delhi and independently validated at Christian Medical College in Vellore. Dr Anne George Cherian, professor of obstetrics and gynaecology at Christian Medical College in Vellore, and one of the authors of the Lancet paper, said gestation age plays an important role in predicting the wellbeing of the foetus. "In India, we tend to



have a lot of babies that have growth restrictions. We need to deliver them earlier because they don't tolerate the labour," she added. She mentioned that many women in India visit the doctor after the first trimester, which makes it hard to predict gestational age. The existing Hadlock formula to calculate the foetal stats are based on samples for white population from North America. The gestation age deduced from the Hadlock formula could differ up to three weeks. "We don't want to induce a lady without knowing her accurate gestation period," Dr Anne said.

Dr Himanshu Sinha, coordinator at the Centre for Integrative Biology and Systems Medicine at IIT Madras, who has also led data science for this research, said the model is based on AI/ML works by optimising genetic mutations to reach accuracy. Apart from helping neonatal care, it also helps accurate epidemiological estimates. Dr Sinha said they are using advanced data science and artificial intelligence and machine learning models to predict birth outcomes.

About 30% of pregnant women in India come for their first visit after the first trimester, according to the latest National Family Health Survey.

Elaborating on the model, Dr Sinha said the GARBH-Ini GA-2 is based on genetic algorithms. A genetic algorithm is an optimisation technique inspired by evolution and natural selection principles. "After multiple rounds of mutations, the genetic algorithm comes to a point where no further improvement can be done in the estimation and repeat the process multiple times. Then, we take the top performing formula," he said.

Dr Sinha said the data for the model comes from the northern part of the country and has been validated at hospitals in the south. The research team plans to further validate the results across different cohorts with tests in different parts of India over two years. It will be set up in Uttar Pradesh, Assam, Puducherry, Maharashtra, Gujarat and a few places in central parts of the country. He said the model will be improved further and the ultimate end goal is to embed it in ultrasound machines used in the country.

Money mule scams: What is it and how to prevent it?

The Indian banking sector has been grappling with the issue of mule accounts, which are essentially bank accounts that receive funds from illegal activities and then transfer them elsewhere, used for money laundering. Recently in Bengaluru, individuals operating 126 mule accounts linked to various cybercrimes across India were arrested. Here's how to detect mule accounts:

THE FIRST CONNECTION TYPICALLY TAKES PLACE IN INDIA. BHUBANESWAR HAS THE LARGEST CONCENTRATION OF ACTIVITY.

Spotting a Money Mule Scam

HERE ARE A FEW TIPS

1. **Unexpected Contact:** Treat unexpected communications, especially those offering lucrative, effortless jobs, with skepticism.
2. **Vague Job Descriptions:** Be wary of job offers with ambiguous descriptions and responsibilities, particularly if money transfers are involved.
3. **Rushed Process:** Scammers often pressure you into making swift decisions, such as hurriedly confirming your identity or claiming a reward. Pause and scrutinize the demands carefully.
4. **Unusual Payment Methods:** If you're solicited to use unconventional payment methods, such as gift cards or virtual currency, be very cautious.
5. **Too Good to Be True:** Unrealistically high payment for straightforward tasks should raise alarms.

Robots reshape retail industry

EXPRESS NEWS SERVICE @ Bengaluru

IN a paradigm shift in the way the retail industry functions, businessmen are increasingly using robotics technology for both customer-facing and back-end operations. Smart robots are now used for inventory management, cleaning, and even functioning as shopping assistants.

According to a report titled Future of Retail: Profitable Growth Through Technology and AI, released by Deloitte and the Retailers Association of India, several key trends are catalysing the adoption of emerging disruptive technologies, such as artificial intelligence, internet of things, smart robotics, mixed reality and advanced analytics.

These trends are reshaping the industry, offering opportunities for businesses to enhance their operational efficiency and customer experience. When customers purchase, these technologies help in providing better store experience and enhance security and fraud detection.

Retailers use AI and advanced analytics to provide personalised shopping experiences. AI algorithms analyse customer data to tailor product recommendations, marketing messages, and even in-store experiences. This trend is driven by the growing consumer expectation for personalised and seamless shopping experiences both online and in physical stores, according to the report.

By 2025, about 20% top global retailers will use distributed AI systems to achieve holistic results, revolutionising sales, marketing, supply chains, and operations, and around 45% marketing leaders plan to invest in GenAI in the next 12-24 months.

The digital revolution has transformed retail into 'phygital' or omnichannel experiences, disrupting traditional models where brands are using technology to enhance customer experiences and garner greater return on investment.

India has emerged as a powerhouse in the digital realm, ranking second globally in internet users with 830 million and 750 million smartphone users. With 220 million online shoppers, India holds the third position globally, and the consumer market has a strong affinity for innovative technologies, and their widespread usage has catalysed increased investment, product development, and technological advancements in retail sector.

Use cases of AI in retail

Predictive recommendations: AI analyses customer data to suggest relevant products and provide personalised evaluation and suggestions, boosting conversion rates and average order value.

Conversational commerce: AI-powered chatbots and virtual assistants offer 24/7 support, answer product questions, and facilitate purchases. Picture-browsing products and placing orders through voice commands will make online shopping even more accessible.

Predictive analytics: AI forecasts future trends and customer behaviour, helping tailor marketing campaigns and optimise resource allocation. A global food & beverage company uses AI with end-to-end analytics to deepen customer collaboration, improve product assortment, and enhance promotion effectiveness.

Adobe teases Gen AI tools for audio generation, editing

Adobe Research, part of Adobe, has shown a glimpse of its new tool designed to create and edit custom audio and music. Called 'Project Music GenAI Control' it allows creators to generate music from text prompts, and then have fine-grained control to edit that audio for their needs. "It helps people craft music for their projects, whether they're broadcasters, or podcasters, or anyone else who needs audio that's just the right mood, tone, and length," said Nicholas Bryan, Senior Research Scientist at Adobe Research and one of the creators of the technologies in a blogpost. Users can give a simple text prompt like "powerful rock," "happy dance," or "sad jazz" to generate music and it is done. As the user interface is simple, users can adjust the tempo, structure and repeating patterns of a piece of music, based on a reference melody. It can increase and decrease the audio's intensity, extend the length of a clip, re-mix a section or generate a repeatable loop.

Apple's longtime secret electric car project roll out abandoned

Apple has decided to shut operation of its much talked about electric car roll out. Despite numerous reports and excitement it created, the project was kept a secret for a long time. The company now plans to focus on generative artificial intelligence and move many employees to Gen AI and while few others will be laid off, according to reports. Apple's decision also coincides with the dire outlook for autonomous cars and electric vehicles. Investments in autonomous vehicles are being pulled back amid regulatory issues and adverse incidents of robocars. Experts are of the view that Apple is better off focusing on its strength—consumer technologies. Apple made the disclosure internally on Tuesday, surprising the nearly 2,000 employees working on the project, according to a report. The decision to shut the project that was called Project Titan, in which the company spent multi billion-dollars since it started working on a car around 2014. Apple looked at fully autonomous electric vehicles.

It has RAM of 8 GB and 128 GB of storage capacity, expandable upto 256 GB storage. The battery is modest with 67W fast charging, which takes 48 minutes at least, for 100 per cent charging. The Chinese smartphone has 'proprietary algorithms' to identify and remove blemishes such as spots, acne, and acne marks, the company claims. Its artificial intelligence-based editing feature minimises pores while preserving the original features, the company claimed.

WhatsApp introduces 'search by date' for retrieving old messages

WhatsApp announced its "search by date" feature, which can help you search old messages by date. The feature is introduced for both individual and group chats on Android devices. While this functionality has already been available on other platforms such as iOS, Mac desktop, and WhatsApp Web, it is now being extended to Android users. Mark Zuckerberg made the announcement through his WhatsApp channel, sharing a video demo of the new feature as he searched for an old karaoke-video in a chat. Notably, users can now search for chats on a specific date without the option to specify a date range. To utilise this feature, users need to tap individual chat or group chat. Subsequently, to get a date-specific search, they should tap the search button and then select the calendar icon. This has been a useful addition for the staple personal communication app in India and in many other parts of the world. Earlier, users need to scroll all the way back to old chats dating years, making it cumbersome.
